

B-29s POUR FIRE BOMBS ON OSAKA

BRITISH ARMY
ORDERED INTO
SYRIAN FIGHTFRENCH WARNED TO
QUIT OR SUFFER
CONSEQUENCES

BY ALEX SINGLETON

London, Friday, June 1 (AP)—Britain ordered her troops in the middle east yesterday to halt the explosive French-Syrian fighting in the Levant, sternly telling France to silence her guns, and a dispatch from Damascus said British tanks had drawn up on roads leading to the Syrian capital.

London morning papers quoted the French-controlled Levant radio at Beyrouth as saying that the French government had ordered General Humboldt, its commander-in-chief in Syria and Lebanon, to cease firing. There was no confirmation of this from any official source.

Associated Press Correspondent Frank O'Brien, in a dispatch from Damascus last night, said the Syrian capital was tensely quiet after an almost continuous barrage from French 75's and mortars lasting through Wednesday night and until 4 p. m. Thursday.

Hundreds Killed
This lull began, however, two hours before the British ultimatum was broadcast and it was not known whether French troops had withdrawn to their barracks as demanded by Prime Minister Churchill.

O'Brien, who made the 75-mile trip from Damascus to Beyrouth to file his dispatch, said the highway between the Syrian and Lebanese capitals was busy with British motor transport and that he saw British tanks with alert crews alongside villages on the way.

He said the Syrian public health officer, Dr. Ahmet Kadry, told him ambulances had picked up 400 dead and 500 wounded in the narrow streets of the old section of the town where French fire had prevented rescue efforts.

In a firmly-worded note Prime Minister Churchill notified Gen. Charles De Gaulle that the British commander-in-chief in the middle east had been ordered to "intervene" to prevent further bloodshed and to protect Allied communication lines for the Japanese war.

De Gaulle Surprised
He called upon the French leader "immediately" to order French troops in Syria to cease fire and withdraw to their barracks "in order to avoid a collision between British and French forces."

A dispatch from Paris said the sharp note came as a stunning surprise to General De Gaulle, who quickly called an emergency meeting of his key ministers to discuss the situation.

The note reached Paris at the very time a French foreign office spokesman was reiterating at a press conference that his country did not wish British-American mediation in the Levant dispute.

He said French reinforcements might be sent to Syria "if the situation becomes critical."

The United States, it was disclosed in Washington, sent a note to France last Monday urging it to review its policy toward Syria and Lebanon and saying there was an impression in America that the French were using the threat of force to obtain concessions in the two mid-east states.

Intimidation Admitted

Reports reaching Cairo of fighting between Arabs and French forces throughout Syria, with heavy battling in the ancient city of Damascus.

Frank O'Brien, Associated Press correspondent at Damascus, said

Six Killed In Oregon
As Little Girl Finds
Nippon Bomb Balloon

Lakeview, Ore., May 31 (AP)—The curiosity of an 11-year-old girl who spied a Japanese balloon caused the death of six persons—first recorded victims of an enemy attack on the United States mainland in World War II.

Disclosure of the cause of the tragedy, which killed a woman and five children on May 5 was made by Undersecretary of War Patterson as a warning to the public not to approach strange objects in the forests.

The tragedy, the cause of which was kept a strict military secret until today, set off a wave of fear among southern Oregon loggers and campers who heard word of mouth rumors.

Patterson said it was the only fatality caused by hundreds of bomb-carrying balloons the Japanese have dispatched toward the United States in recent months. He said the story was released to emphasize the need for precautions.

Eleven-year old Joan Patzke spotted the balloon as she trotted about the southern Oregon woods with the Rev. Archie Mitchell, his wife, and four other youngsters on an outing from their home at Byle, Ore.

She called the others, one of them tugged at a piece of the balloon. A tremendous explosion followed.

Killed were Mrs. Mitchell; Joan; her brother Dick, 13; Eddie Engen, 13; Jay Gifford, 12; Sherman

**WAR CRIMINALS
LIST PREPARED**

**Every Case Submitted By
U. S. Ready For Trial
Immediately**

London, May 31 (AP)—The United Nations war crimes commission was told tonight that the United States is preparing a list of accused criminals for submission in full with every case "ready for immediate trial."

P. H. B. Kent, British delegate to the commission, made the disclosure while telling the commission of difficulties encountered in dealing with the masses of evidence uncovered by the recent liberation of Allied prisoners of war.

The American accusations have not yet been announced.

Kent's statement came shortly after Lord Wright, chairman of the commission, had called for speedy prosecution and punishment of nearly 3,000 persons charged as war criminals by 11 Allied countries.

Kent suggested that some method be devised of dealing with certain war criminals en masse.

He asserted the commission has decided to lift its rule of complete secrecy on its work, save in cases in the Far East, and made several new disclosures about its operation. No new names of war criminals were released.

To date the name of Reichsmarschal Hermann Goering has been the only name published by the commission, although names have been released of some others recommended to it by some of the United Nations.

STEPS TAKEN
TO ELIMINATE
SUGAR RACKETCANNING RATIONS
REDUCED; GREEDY
MINORITY HIT

Washington, May 31 (AP)—The OPA tonight launched a drastic program designed to end what it termed a home canning "sugar racket" developing in some parts of the country.

Price Administrator Chester Bowles announced a four-point plan which he said was aimed at "some chiselers (who) are stooping to falsifying their applications in an effort to get sugar they know they won't use in canning."

Tomato Points Up
The tightening of sugar distribution followed a boost in the ration point value of canned tomatoes and Spinach, and a lowering of the point price of tomato juice and vegetable juice combinations.

This is the new sugar program:

1. Everyone applying for home canning must hereafter sign this pledge:

"I agree that I will use the sugar applied for here for home canning purposes only."

"If, for any reason, I should not use it for canning I will return the equivalent in sugar stamps to my local war price and rationing board."

"I further agree that I will furnish a report to my board of the number of quarts of food canned with this sugar and the amount of sugar actually used in canning this food."

"I understand that my report will become a part of my record and will be considered in further issuances of home canning and other sugar rations to me."

2. OPA local boards in areas where fruit and vegetable crops are not now available for home canning will suspend issuance of ration stamps for this purpose until the canning season starts in these areas. This will apply particularly to the northern sections of the country.

3. Issuance also will be suspended in many other areas to give local boards a breathing spell, so they can process more carefully the applications on file.

4. A special staff of OPA investigators will undertake a "vigorous campaign" against the diversion of home canning sugar to bootleg liquor or illicit bottling of drinks.

Chiselers Condemned
In a verbal blast unprecedented on the part of OPA, Bowles said the current sugar shortage has

(Continued on Page Two)

**Government Agents
Watch Tax Cheaters**

Washington, May 31 (AP)—The government set a grim watch on cash deals throughout the country today in order to catch tax cheaters.

Henry Morgenthau, secretary of the treasury, ordered all financial institutions in the country to report the name and address of anybody engaging in a suspiciously big currency transaction.

Failure to make these reports can be punished by 10 years in prison, \$10,000 fine, or both. The order is effective tomorrow, June 1.

Morgenthau said many "cheaters" are using large currency in their financial dealings, trying to hide the size of their income.

His order applies not only to banks, building and loan associations, and brokers—but also to currency exchanges and "other persons or organizations engaged primarily in cashing checks and exchanging currency."

**English Fog Beaten
By Airmen With FIDO**

London, May 31 (AP)—Another war secret that could not be told until now is how the jinx of English fogs was overcome—for the first time in history—so that Allied planes were able to maintain around-the-clock bombing of Germany regardless of weather.

The fog simply was burned off the airbases by means of ingenious oil burner devices strung along the runways like lights.

They generated enough heat to melt the fog like magic, turning wartime air offensives that used to be impossible into a matter of routine and offering great possibilities for safer peacetime flying.

With visibility all outside one man sitting in a control tower could press a button and within

COFFEE POWDER FREED
Washington, May 31 (AP)—The War Food Administration announced today that the order under which all soluble coffee has been set aside for the armed forces will be terminated effective June 1.

The order will permit soluble coffee to go back into civilian channels.

Navy Reveals Part
Played In Pacific
By U. S. Submarines

(For three and a half years the "silent service"—America's submarines—have been waging a little-publicized war of their own in the Pacific. Their exploits have been buried in the navy's secret files. At last, part of their achievements can be told.)

BY HAMILTON FARON
A Western Pacific Submarine Base, May 31 (AP)—Neutralization of Japan's formidable naval base at Truk, permitting the last year's swift advances toward Tokyo, is one of the feats performed by American submarines during three and a half years of silent warfare in the great reaches of the Pacific.

Only now has the navy begun to relax its ban on news of the undersea fleet which Admiral King once declared "determined the course of the war" in this area.

Slipping in and out of the area surrounding the forbidding base which then appeared certain to delay American advances in the Pacific, submarines sank many ships there—some of the submarines failed to return.

Supply Efforts Abandoned
But the biggest contribution of the undersea fleet to neutralization of the areas which then could be bypassed was, through the ripping of supply lines.

Constantly hitting at convoys, men of the submarines destroyed ship after ship of the Nipponese merchant fleet until Japanese supply efforts virtually were abandoned.

Lifting of the veil of secrecy heretofore surrounding the "silent service" also permits disclosure of its role in making possible the occupation of the Marianas, whence the B-29s strike at Japan.

This also was accomplished primarily by consistent blows against supply lines, of course. Most spectacular, however, was destruction of a fant Japanese convoy carrying reinforcements from Japan. This convoy was intercepted and sunk far north of its destination.

Submarine warfare began almost simultaneously with the attack on Pearl Harbor.

Many of the undersea boats were on maneuvers throughout the Pacific—off the Hawaiian Islands and in Philippine waters. They shifted immediately to war patrols, beginning the attacks which since have resulted in destruction of more than 1,000 ships.

**Largest Intangible
Tax Is Distributed
To Municipalities**

Lansing, May 31 (AP)—The state revenue department today distributed \$2,102,646 to Michigan municipalities as their share of the largest intangible tax collection yet recorded.

The distribution was on the basis of 40 cents per capita, compared with 37 cents a year ago.

The state received \$1,051,323 in addition, the last share it will get of the levy, since the 1945 legislature decreed all intangible tax collections must go to local government hereafter.

The distribution included: Ann Arbor, \$11,926; Detroit, \$649,380; Grand Rapids, \$65,716; Iron Mountain, \$4,432; Ironwood, \$3,346; Menominee, \$4,092; Muskegon Heights, \$6,418; Sault Ste. Marie, \$6,338; Houghton county, \$19,052; Dearborn, \$25,433; Ecorse, \$5,283; Escanaba, \$5,932; Ferndale, \$9,009; Grosse Pointe Park, \$5,058; Hamtramck, \$19,935; Hazel Park, \$5,180; Highland Park, \$20,324; Ishpeming, \$3,796; Lincoln Park, \$6,094; Marquette, \$6,371; Negaunee, \$2,725; Royal Oak, \$10,499; Wyandotte, \$12,247; and the following townships: Nankin township, Wayne county, \$6,335; and Warren township, Macomb county, \$6,617.

LAST OKINAWA
DEFENSE LINE
IS SHATTEREDTENTH ARMY KILLS
MORE THAN 1,000
JAPS DAILY

BY LEIF ERICKSON

Guam, Friday, June 1 (AP)—U. S. 10th army divisions, killing more than 1,000 Japanese daily, crumbled the last formidable core of enemy defenses across southern Okinawa yesterday in a general assault which gained up to 1,200 yards and virtually pinched off Shuri.

The fall of Naha on the west coast and Yonabaru on the east had left only Shuri in the center, and for all practical purposes, the Japanese around Shuri are now through.

Encirclement Completed
First Marine division patrols advancing yesterday through the wrecked city of Shuri were within sight of westbound forward elements of the 96th infantry division.

Thus one encirclement virtually has been completed around many enemy troops within Shuri's boundaries and another is forming more than a mile to the south.

Today's fleet communique, disclosing these successes, listed 61,519 Japanese dead in the campaign up to May 30.

Maj. Gen. Simon Bolivar Buckner Jr., 10th army commander, estimated the original garrison on Okinawa at about 85,000. Whether the Japanese succeeded in withdrawing about 25,000 they have left was not clear. It is likely the enemy is split up in a rearguard force holding in the northeast portion of Shuri and other forces which have pulled into hill positions to the south.

Line Outflanked
The Marines and soldiers also have taken 1,333 Japanese as prisoners. The enemy death toll, announced in today's fleet communique, raised the total 13,416 in a 13 day period—for an average of 1,000 killed a day.

Tokyo radio said today that Japanese losses on Okinawa were piling up and the situation was worsening.

Admiral Chester W. Nimitz' communique, in a highly optimistic view of the overall situation,

**POLITICAL SHIFT
MADE IN CHINA**

**Chiang Continues As Top
War Leader; Soong
New Premier**

BY SPENCER MOOSA

Chungking, May 31 (AP)—President Chiang Kai-shek turned over his job as premier of China today to his brother-in-law, Acting Premier T. V. Soong, and apparently intends to devote his energies primarily to fighting the Japanese as Supreme Allied commander in the China theater.

The elevation of the American-educated Soong possibly paved the way for an accord between the Chungking government and the Yenan communists, toward whom his attitude always has been moderate.

Soon, 50, is a brother of Mrs. Chiang Kai-shek and one of the most popular leaders in China. He was educated at Shanghai, Columbia and Harvard. For years he was Chinese minister of finance.

In addition to the premiership, he is China's foreign minister.

Chiang retains numerous positions, the chief of which are president of China, generalissimo of her armies and supreme Allied commander in China. He announced his resignation as premier to the new central executive committee of the Kuomintang, the government party.

Wong Weh-Hao, minister of economic affairs and head of the China war production board, was appointed vice premier, succeeding Dr. H. H. Kung, a brother-in-law of Soong and Mrs. Chiang.

**Jump In Cigaret
Demand Expected**

New York, May 31 (AP)—A jump of 40 per cent in the demand and supply of cigarettes over the present capacity production is anticipated by the National Association of Tobacco Distributors within five years after the end of the war with Japan.

Joseph Kolodny, executive secretary of the association, said in a statement today that the post-war goal of the nation's manufacturers was 420 billion cigarettes a year as compared with present production of 300 to 330 billion.

HAW HAW—Listening perhaps to the well-known last laugh might be former Britisher William Joyce, above, the infamous "Lord Haw Haw" of Nazi propaganda broadcasts, who spent the war years in Berlin, ridiculing his native land, Haw Haw, captured by English troops, may face trial for treason, with hanging the possible penalty. (NEA Photo.)

**GILLETTE QUILTS
CAPITAL JOB**

**Surplus Property Chief
Resigns, New Problem
For Truman**

BY ERNEST B. VACCARO
Washington, May 31 (AP)—Guy M. Gillette laid a sudden resignation as surplus property administrator on President Truman's desk today, posing a new top-level personnel problem for the president.

Meanwhile Mr. Truman moved as a home front peacemaker with dispatch of an affectionate letter to former Vice President John N. Garner and receipt of a cordial note from Alf M. London, 1936 Republican presidential nominee.

On Capitol Hill, the senate agriculture committee postponed action on Mr. Truman's nomination of Claude R. Wickard as rural electrification administrator, as a result of a number of protests.

However, the senate confirmed without dissent the nomination of Lewis B. Schwellenbach of Washington State as Secretary of Labor.

The agriculture committee unanimously approved the appointment of Rep. Clinton P. Anderson (D-NM.) to succeed Wickard as secretary of agriculture.

Gillette, long known to be dissatisfied with his surplus property post, did not wait for the White House to announce his resignation.

Leaving a brief conference with the president, Gillette, former Democratic senator from Iowa, disclosed to White House reporters that he was quitting, but said the president did not act on his resignation immediately.

**Midland Gas Line
Blast Kills Man;
Eight Are Injured**

Midland, Mich., May 31 (AP)—Victims of a gas line explosion here numbered one dead and eight injured after Fred Ffioora, 35, of Cleveland, Ohio, died of burns last night.

Floyd Patterson, 35, of Youngstown, Ohio, and Ed Ripple, 47, of Detroit, were seriously burned.

E. C. Mills of Cleveland, another member of a construction crew to escape injury in the blast, told of the heroism of John Kmetz, 38, who, although seriously burned, drove his car ten miles to shut off the main valves of the line.

Mills said all of Kmetz' clothing was burned from his body, and "flesh from his hands stuck to the steering wheel."

The gas line serves Saginaw from the Mt. Pleasant field of the Consumers Power company. Cause of the explosion, which shot flames 300 feet along the ground and 50 feet into the air, has not been determined.

**Daughter Killed
As Soldier Calls;
Father Is Suicide**

Kansas City, May 31 (AP)—"It's better this way," sobbed grief-stricken Mrs. Ray E. Davis today following the suicide of her husband, sought since Tuesday night in the fatal shooting of his 21-year old daughter, Lula Mae Davis.

Deputy Coroner Thomas Davis said the 42-year old furnace repairman died of a self-inflicted bullet wound at the family home, only two feet from where Lula Mae was shot and killed when Pvt. David Harold Sharp, just back from two years in the Pacific, called on her.

Police, searching the Davis home, found a note they said indicated Lula Mae expected to marry Sharp this fall.

SECOND CITY
OF JAPAN HIT
BY DAYLIGHTBIG SUPERFORTRESS
FORCE DROPS 3200
TONS OF RUIN

By Robbin Coons

Guam, Friday, June 1 (AP)—At least 450 Superfortresses, escorted by about 150 Mustang fighters based on Iwo Jima, poured 3,200 tons of fire bombs on Osaka, Japan's second largest city, in a daylight raid today.

It was the second daylight incendiary strike by fighter-escorted B-29s in three days. It came 72 hours after an equally strong force dropped an equivalent load of fire bombs on Yokohama, the enemy's fifth greatest city.

Osaka was hit once before by B-29 incendiaries, on March 14, when 300 planes struck in the early morning darkness. More than 2,000 tons of bombs on that raid destroyed or damaged 8.1 square miles of the city.

Osaka, located centrally on Japan's main island of Honshu, has a population of 3,252,340 and ranks among the three most densely populated cities in Japan, with an average of 45,000 persons per square mile.

Industries Main Target
Today's target area was a section bordering Osaka and south of the Shin Yodo River—probably the city's most highly industrialized district.

Tokyo radio's version of the Osaka strike was that "some 300" B-29s dealt the blow and were engaged by Japanese interceptors as well as opposed by anti-aircraft fire.

These "counterattacked the enemy with good results," said the broadcast.

"Damage caused on the ground remains to be made known later, pending a checkup."

The swing back to Osaka as a B-29 target followed the announcement by Maj. Gen. Curtis E. LeMay, commanding the 21st bomber command, that his sky giants have wiped out all the targets they have set out to destroy in Tokyo. Photographs show that nearly half of Tokyo has been laid in ruins.

**Suicide Bombers
Blast Big Hole In
Destroyer Zellars**

Wilmington, Calif., May 31 (AP)—The destroyer Zellars docked at Roosevelt naval operating base, a 30-foot hole in her superstructure inflicted by a three-man Japanese suicide bomber attack off Okinawa April 12.

Lt. Charles Smylie, (596 Neff Road), Grosse Pointe, Mich., fire control officer, related that 34 were killed, 36 wounded and two reported missing after the Jap bomber skipped a bomb of about 1,000 pounds into the Zellars, then crashed on deck, killing the three Japanese.

Three Jap bombers concentrated an attack on the destroyer, which had been aiding the Okinawa landings by bombardment for 19 days, Lt. Smylie said.

SAWMILL WILL OPEN JULY 11

Diamond Pole Company To Resume Operations At Rapid River

The Diamond Pole and Piling company's sawmill at Rapid River will resume operations on Monday, June 11, it was announced yesterday by James R. Andrews, general manager.

The mill, which produced about six million feet of lumber last year, has been closed since Dec. 9. Most of the production was used to fill government orders.

John Johnson, experienced mill man of Rapid River, will be the superintendent. About fifty persons will be employed.

STEPS TAKEN TO ELIMINATE SUGAR RACKET

(Continued from Page One)

been "aggravated by home canning chiselers."

Bowles expressed regret that no other means appears "by which this sugar racket can be stopped" and added:

"These groups are entitled to ask us for vigorous action against the greedy minority who insist on grabbing more than their fair share."

Earlier a spokesman for the Office of Price Administration disclosed that regional offices have been authorized to halt temporarily the granting of certificates for home canning sugar. That action may be taken in any place where there is evidence quotas are being exceeded.

OPA already has cut the regular household allowance of sugar to five pounds per person every four months, from the former ration of five pounds every two and a half months. The rationing allotment has been reduced to a maximum of 15 pounds per person this year compared with 25 last year. Institutional and industrial reductions have been made, with more industrial cuts in sight.

The rationing suspensions are designed to remain in effect while regional supplies are re-surveyed. Such a hold order already has been put into effect in the Chicago area.

"There is no doubt that the rate of issuance still is running too high in some parts of the country," the OPA spokesman said.

Disclosing this today, the OPA said that stocks of tomatoes and spinach have been moving from store shelves too rapidly, necessitating a 10-point hike for popular sized containers. Tomatoes go to 40 points for No. 2 cans, while spinach will take 20 points for No. 2 cans and 30 points for No. 2 1/2 containers.

Points on the juices are being lowered, on the other hand, because movement has lagged. Small-sized cans of tomato juice and vegetable juice combinations will be rationed at 10 points for two cans. But sales of single containers still will require 10 points.

Forty-six ounce containers of these two juices were given a new value of 10 points, down from 20.

Milwaukee County Opposes Federal Use Of Their Jail

Washington, May 31 (AP)—Wisconsin and Milwaukee county are trying to keep the federal government from taking over their jail.

They filed suit in district court here today seeking an injunction and judgement against Secretary of War Stimson.

They want to stop the federal government from going any further with its plans to acquire the Milwaukee county house of correction.

The suit says condemnation proceedings have been completed in Wisconsin, although the final "declaration of taking" has not been filed.

The suit states that the federal government wants the building for "military purposes" and will use it "as a place of confinement for persons who have been sentenced by military court martial."

The federal government is exceeding its authority, the suit contends, and adds that if the government succeeds in taking over the 385-acre property "Milwaukee county will be without any means for the confinement of prisoners."

This, the suit says, means the county "courts will be virtually unable to function in criminal cases."

HEAVY COFFEE CONSUMERS

New Orleans consumes more coffee per capita than any other metropolitan area in the United States. Two tablespoons to the cup are used there, and many children begin drinking the beverage at the age of 10 or younger.

SHALLOW OYSTER BEDS

Because of the enormous rise and fall of the tides in Japan, oyster farmers can make a daily inspection of their oyster beds in water scarcely ankle deep.

In the 13th century, pickles were served as a main dish at the Famous Feast of King John.

Iron ore deposits have been discovered recently in Labrador and northern Quebec.

Munising News

Pre School Clinic Set For June 6th

The pre-school clinic for children entering school in the fall will be held June 6 from 9 to 11:30 a. m. at the Mather school and from 1 to 3 p. m. at the Lincoln school.

Immunization for diphtheria and vaccination for smallpox will be given at that time to both children starting to school, and to younger children upon request. No whooping cough shots will be given.

Children starting to school will be examined by Dr. Lockwood of the Health Department to make sure that they are physically prepared to start to school in the fall. Parents preferring to have their children examined by their family physician should do so early this summer.

Members of the P. T. A. of Mather and Lincoln schools are making the arrangements for the Clinic, and urge the parents of pre-school children to take advantage of this service.

Miss Amy Leece, assisted by a group of her kindergarten pupils, will hold open house in the kindergarten room during the hours of the Clinic for the benefit of the children attending. Refreshments will be served to the young guests.

Brilliant Speaker Comes To Munising

A brilliant speaker and eminent economist, Floyd E. Armstrong, professor emeritus of economics and finance at the Massachusetts Institute of Technology, will deliver an address here June 7, under the sponsorship of the Munising Lions club. The address will be given in the Mather high school auditorium at 8 p. m. and the public is invited to attend free of charge.

Mr. Armstrong is well qualified to speak on the subject of economics, having spent a lifetime of study and observation which has been rich in experience. He is especially gifted in the ability to interpret world trends in terms of the average person's everyday experience.

From his many experiences he will relate his trip around the world in 1929-30 in which he spent considerable time in the Orient, was received by Pope Pius XI in Rome and Mahatma Gandhi in India. His travels also have covered much of the North American continent, including Alaska and Canadian Northwest.

Professor Armstrong's subject is on Economics, and he believes that individuals everywhere must become alive to the economic issues confronting democracy, and must participate actively in the settlement of these issues. His current speaking engagements are dedicated to an endeavor to clarify some of the fundamental economic problems of today.

EDWARD J. SPENCER
Funeral services for Edward Spencer, 47, who passed away on Sunday in the Munising hospital of pneumonia, were held Thursday, May 31, at 2 p. m. in the Beaulieu funeral home. The last rites were conducted by Rev. K. O. Savard.

Escorts were members of the Independent Order of Odd Fellows, Lodge 468, of which the deceased was a member. They were Emil Bengtson, Alton Deibert, William Joslin, Otto Aho, Frank Runset and Oscar Esterholm. Interment was made in the Maple Grove cemetery, city.

MUNISING BRIEFS

Mrs. G. B. Baxter has gone to Chicago to attend the funeral of her sister-in-law, Mrs. Joseph O'Brien, who died suddenly of a heart attack Tuesday, May 29.

Mrs. Orrin Doucette of Marquette visited relatives and friends in Munising and Au Train over Memorial Day.

Mrs. Olga Tolonen is spending several weeks visiting her daughters in Detroit.

Pfc. Joseph Pearis, U. S. M. C., arrived home Thursday morning to spend a furlough with relatives.

Boy, 5, Prevents Convict Outbreak

Pittsburgh, May 31. (AP)—Between licks of an ice cream stick, towheaded five-year-old George Gregor today told how he discovered a hole just outside the bottom of western penitentiary's wall and thereby thwarted a possible prison break.

Investigation revealed a 32-foot tunnel burrowed from the prison laundry, under the wall and two feet beyond. With makeshift tools, unidentified prisoners had dug beneath the seven foot deep foundation to within 18 inches of freedom.

Warden Stanley P. Ashe said the lad's discovery prevented what might have been a serious prison break among the 983 convicts.

An estimated 30 per cent of Canadian dwellings are still lit by kerosene or gasoline.

The principal sources of New-York City's water supply are reservoirs in the Catskill mountains.

LOG CABIN

LAST OKINAWA DEFENSE LINE IS SHATTERED

(Continued from Page One)

said the once stoutly defended Naha-Shuri-Yonabaru defense line "has now been outflanked and the entire Shuri position is being pinched out."

Looking from west to east across that defense line, this is the current situation as officially reported today:

On the west end, the Sixth Marine division which captured Naha has advanced southeast as one arm of a pincers around Shuri, reached the Kokuba River and by nightfall Thursday held a line south of Kokabara village.

Flag Over Castle
Next to the Sixth, the First Marine division has driven into Shuri city where the American flag floats over the 16th century castle of the Ryukyu kings.

Near the center of the line, the 77th infantry division advanced 200 to 800 yards yesterday. By nightfall, those Yanks were on the northeast boundaries of Shuri.

Ahead of the 77th, the 96th infantry division pushed out of rugged terrain southwest of Conical Hill. They advanced 800 to 1,200 yards and captured strong hill positions 600 yards south of Shuri.

The Seventh infantry division, which circled southwest recently from fallen Yonabaru on the east coast, captured a hill yesterday 500 yards east of Chan village and another elevation 300 yards northeast of Chan. The Seventh forms the other large arm of the pincers on Shuri and its successes Thursday prompted the communique report of a threat to the "whole central island position." Chan is a mile and a half south of Shuri.

The strongest resistance along the shattered enemy defense line was met by the Seventh infantry in driving toward Kamizato town, little over a mile south of Chan.

The total enemy casualties covered Okinawa "and surrounding islands," referring to such nearby points as Ie Shima. No new total was given of American casualties, last reported up to May 24 as consisting of 9,602 killed or missing and 25,514 wounded.

U. P. Rehabilitation Staff Is Increased

H. Earle Correvont, head of vocational rehabilitation under the state board of control for vocational education, Lansing, Tuesday, announced appointment of Miss Mabelle DuMez as field agent in the Upper Peninsula district office, 204 Kaufman building, Marquette.

Miss DuMez formerly was with the bureau of social aid, Holland, Mich., where she served as rehabilitation worker under the aid for the blind program. She is a graduate of Hope college and has a wide background, having worked under auspices of the YWCA and on various teaching social service projects. Her specialty is arts and crafts and she is expected to be of assistance in the Upper Peninsula office in further development of craftwork for home-bound physically handicapped servicemen.

Joseph Shipman, supervisor in charge of the Marquette vocational rehabilitation office, said Miss DuMez will work in the eastern end of the Peninsula, including Dickinson, Alger, Schoolcraft, Luce, Chippewa and Mackinac counties. Mr. Shipman will continue to do field work in Marquette, Delta and Menominee counties, while Roy Hendra, the other field agent, will cover the western end of the Peninsula.

Besides the supervisor and two field workers, the vocational rehabilitation office has two other employees, Mrs. Flora Johnson, senior secretary, and Miss Mary Ellen Fagan, junior secretary.

NEW SCHOOL WANTED

Ann Arbor, Mich., May 31 (AP)—Students of Ann Arbor high school today voted to petition the board of education to begin plans for construction of a new senior high school as a community war memorial.

Tungsten, one of the most important war metals, is used in the manufacture of the finest alloy steels from which cutting tools and the armor plate of tanks are made.

There is an accidental death in the United States every five and a half minutes, and an injury every three seconds.

BELL OUTLINES POSTWAR PLANS

\$7,500,000 Rural Development Program Contemplated

Lansing May 31—The Michigan Bell Telephone company today announced plans for a \$7,500,000 rural program within 3 to 5 years after manpower and materials are available.

Theodore H. Dawson, director of the company's rural operations, said the program will include improvements in the quality of the farmer's service as well as extension of its scope. He pointed out the program will help provide jobs not only for the company's 3,000 employees in the armed forces but for many others as well.

The postwar undertaking primarily will be an expansion of a rural program that has been under way for a number of years. In 1940, the company, in cooperation with Michigan agricultural leaders, set up a plan for customers to pay for farm-line construction through small, monthly instalments. Since then, the company has installed service at nearly 14,500 additional farms, including 4,800 where construction was necessary. Actually, rural installations have increased proportionately at a faster rate than urban during the war, Dawson said.

Dawson disclosed that two-thirds of all rural homes in Michigan Bell territory are located along existing pole lines and about half of those homes now have telephone service. He estimated that 75 per cent of rural families in company territory along existing pole lines or near enough so that service can be provided without special construction charges.

The company plans to take advantage of research developments to extend the service on an economical basis. It already is using long-span, steel wire construction with distances of 350 to 450 feet between poles compared with 150 to 200 feet in former days. The company also has been using a new type, rubber-covered wire which is buried by a special plow.

Doolittle To Have Superfortresses To Hurl Against Japan

Washington, May 31. (AP)—Lt. Gen. James H. Doolittle, who struck the first air blow against Tokyo, will have B-29 Superfortresses as well as smaller planes in his 8th air force when he hurls it against the Japanese, it was announced today.

Doolittle, whose carrier based attack on the Japanese capital three years ago thrilled the nation, now has more than 3,000 Flying Fortresses, Liberators and fighter planes in the great force which played such a part in toppling Germany.

Gen. H. H. Arnold, army air force chief, made known that Superfortresses would be added to this array. Arnold is head of the 20th (Superfort) air force and it is understood that as such he will retain overall direction of the giant planes which will operate under Doolittle.

BRITISH ARMY ORDERED INTO SYRIAN FIGHT

(Continued from Page One)

the French had officially informed both American and British authorities that their policy was to "intimidate" the Syrian populace and that they saw no other way of handling the situation.

The Syrian minister in Paris disclosed that he had been in consultation with Jefferson Caffery, the American ambassador to France, and expressed the opinion that the crisis now could be resolved only through Allied intervention.

Britain and the United States were reported in hour-by-hour communication on developments.

After a brief armistice yesterday, during which British and Americans were evacuated, "the center of the city was subjected to the heaviest and most concentrated shellfire as yet directed upon it," Foreign Secretary Anthony Eden said.

Cries of "shame" ran through the chamber as he reported that French planes had bombed ancient Damascus. It was the third special meeting of the British cabinet in 24 hours.

Paris, May 31. (AP)—A hasty meeting called by Gen. Charles De Gaulle to consider Britain's stern announcement of her intervention in the Syrian dispute broke up tonight apparently without a decision on how France was to respond.

De Gaulle left his office for home at 9:30 p. m. and no statement by the government was expected tonight.

A responsible authority said that French troops in Syria definitely have not yet been ordered to withdraw to their barracks although the text of Prime Minister Churchill's note was issued here as a communique and probably was communicated to French commanders.

(In London BBC heard a broadcast from Beyrouth, Lebanon, saying that the British commander-in-chief in the middle east had approached the commander-in-chief of the French forces and adding that "the French government previously had transmitted instructions to comply with British wishes.")

(However, BBC noted that reception of the broadcast was poor and said that it was not clear whether this meant that the French government has decided to comply with Churchill's request for French troops to withdraw.)

TERROR CAMP IS HAPPY NOW

Americans Convert Nazi Buchenwald Site Into Healthy Shelter

BY LOUIS P. LOCHNER
Substituting for Kenneth L. Dixon Buchenwald, Germany, May 31 (AP)—Once a place of terror and torture, its name a byword for Nazi depravity, Buchenwald now is a scene of laughter and happiness.

In less than two months, American management has converted the dreaded concentration camp into a healthy shelter for displaced persons from 28 nations, including 5,000 Russians, 3,000 Poles, 2,500 anti-Nazi Germans, 1,500 Czechs and approximately 9,000 of other nationalities.

Every day long convoys of motor trucks depart from Buchenwald loaded with refugees bound for their native lands.

By order of the Allied military government, nearby Weimar has furnished 200 able bodied women daily for a turn of duty at cleaning up Buchenwald's filthy barracks. These now are clean and orderly and food is dispensed in healthy surroundings.

The public address system, once barked their orders, now bringing cheering music to the ears of the camp occupants, occasionally interrupted by announcement—now in Russian, now in Polish or some other language—that another group should get ready to depart for home.

Despite the improvements, there still are many sad cases in the hospital—victims of Nazi brutality. They are receiving the best possible care, but a large number of them will never recover.

TUITION COST UP

Ann Arbor, Mich., May 31 (AP)—A ten per cent increase on tuition fees beginning November 1 was announced today by the University of Michigan. University officials said that the action was taken to help meet increasing costs of operation caused by "generally increasing price levels."

TIRE SITUATION EASES SLIGHTLY

Quotas Still Insufficient To Meet All Demand, However

A slight easing of the tire situation in June is indicated in new quotas established for the month, the local war price and rationing board revealed yesterday, although there still are insufficient tires available to meet the needs of all eligible motorists.

The June tire quota for Delta county passenger cars is 270. Last month the original quota was 145 tires but adjustments during the month increased the number available for rationing to 282 tires in the county. It is presumed that the June quota of 270 also will be subject to upward adjustment later in the month.

At present there are 403 applications held over from May, the most critical of which will be allocated tires from the June quota. Others presumably will be served if the local board's quota is adjusted upward later in the month.

No Trucks Tied Up

A little brighter outlook is indicated for small size truck tires. The carryover of applications from May is only 37, the smallest in a number of months, and the quota is 55 tires. Last month's quota was 56 tires, adjusted to 83 later in the month, but the carryover from the previous month was heavy.

An increase of approximately ten per cent in large size truck tires also has been allocated for June. No trucks are inoperative because of a lack of tires, the local board reported.

Although there has been no official announcement indicating the probability of an improved outlook for automobile tires in succeeding months, it is generally believed that a further easing of the situation may be expected for July.

A sharp increase has been reported in the number of applications for additional shoe certificates, mainly for children. There has been some rumors that the Office of Price Administration may validate a stamp to be used solely for the purchase of children's shoes, but there has been no confirmation of this proposal from the OPA.

Scarlet Tanager Is Flaming Beauty

By Fern Berry

Van Meer—It was a red-letter day for us as we drove on the tree bordered highway here, May 24, for we saw our first scarlet tanager of the season. The red bird with the black wings and tail, is not often seen since it stays close to the leaf shrouded tree tops, but this male bird flashed across the road ahead of us. There was no mistaking his flame colored body plumage and black wings and tail.

A lover of the woods this "black winged redbird" is not very plentiful. We have seen several of them in the area of the buck hill wooded section, but seldom is one seen in open country. They used to be plentiful in Lower Michigan but are seldom seen there now. Along the wooded, vine tangled Chippewa river bottoms, or along the Muskegon river bayous you will occasionally see the flash of the summer or scarlet tanager, and here the Cardinal is also plentiful. But in Upper Michigan the tanager has more chance to find the kind of country that it likes best.

The scarlet tanager is not a performer as are some of our birds; but it need not be. It is beautiful and needs no trick to draw attention to that flaming beauty. The song is robin-like and the call notes are, as some have said, chip-churr, chic-burr and chip-bang. Like many another gay fellow, the tanager has a drab little wife. The scarlet tanager destroys many harmful bugs and insects.

RELATED PRESIDENTS

Of the presidents of the United States, John Adams and John Quincy Adams were father and son; Benjamin Harrison was a grandson of William Henry Harrison; James Madison and Zachary Taylor were second cousins; and Theodore and Franklin Roosevelt were descendants of Claes Martensen van Rosenvelt.

Foster City Is Excited Over Johnson's Exploit

Sgt. Oscar G. Johnson, son of Mr. and Mrs. Oscar Johnson, Sr., Foster City, was announced this week as the recipient of the Congressional Medal of Honor for his bravery in action on the Gothic line in Italy last September. The 24-year-old soldier stood alone at the base of the German defense arc at Monticelli ridge and using the weapons of his slain and wounded buddies ward off repeated German attacks. He finally brought in 24 Germans and their commanding officer as prisoners, and 200 Germans were found dead near his position.

Foster City neighbors were all excited upon hearing the news of Oscar's exploit this week. He was always a quiet, unassuming lad, but the folks recall he had much determination. Oscar was a good student at the Felch high school, and was unusually active in 4-H club work. He and his two brothers always carried off their share of ribbons in the calf club competition at the Upper Peninsula State Fair before the war.

Oscar liked hunting and fishing when at home. He was a good shot with the rifle. He had little interest in girls, and the folks doubted whether he has one now. Sgt. Johnson is over six feet in height and weighs about 190 pounds.

Foster City's war hero apparently did not regard his feat in Italy as unusual in any way, for he mentioned the incident only briefly in a letter sent to his parents last September.

Mrs. Johnson was obviously thrilled when she received the news, "I wish I could be there when they give him the medal," she said.

Fourth Degree K. C. To Hold Meet In Marquette Sunday

When Fourth Degree Knights of Columbus of the new district of Upper Michigan assemble in Marquette Sunday a class of 120 members, named in honor of the Rt. Rev. Msgr. John T. Holland, rector of St. Peter's cathedral, will receive the degree.

Msgr. Holland will receive the degree, as will the Rt. Rev. Msgr. M. Jodocy, the Rev. Emil Beyer, the Rev. Chester Franczek, the Rev. J. Garin, the Rev. Joseph Dunleavy, of Marquette; the Rev. Ambrose Matczak, Negaunee; the Rev. Walter Franczek, Munising; the Rev. Joseph E. Guertin, Sault Ste. Marie, and the Rev. Edward Mallow, Rockland.

Degree work will be in charge of Patrick L. Bennett, Marquette, master of the district of Upper Michigan. Members of the degree team are the Rev. David Spelgatti, Marquette; G. T. Murphy, Calumet; John A. Lemmer, Escanaba; F. J. Vecellio, Norway; James Rulleoski, Iron River; E. J. Lafreniere, Marquette; Walter Dougovetto, Iron Mountain; A. F. Pasavento, Iron Mountain; R. E. Magnan and William J. Balmes, Marquette.

Canada Interpreted In Photo Murals

Ottawa (AP)—A display of photo murals—the first of its kind to be produced in Canada—started a nation-wide tour recently after its exhibition at the National Gallery here.

Titled "This Is Our Strength," the show pictures Canada's achievement in war and potentialities for peace. It was sponsored by the Wartime Information Board.

Samuelson Directs Bonifas Pulpwood Operations In U. P.

Pickford, Mich. — Clarence A. Samuelson, for the past two years in charge of woods operations for the William Bonifas company, the woods division of the Kimberly-Clark company of Neenah, Wis., left for Marquette to take charge of the William Bonifas pulpwood operations in the Upper Peninsula.

Mr. Samuelson will have charge of pulpwood operations at Champion, Sidsaw, King Lake and Kenton, and plans are to take out 30,000 cords next winter. Prisoners of war are working at some of the Bonifas camps, and Mr. Samuelson said that now the prisoners are doing a wonderful job in producing pulpwood. He added that the Army is giving the company fullest cooperation.

Raymond Garrett, recently of Norway, Mich., and a graduate of Penn State will replace Mr. Samuelson at Pickford.

Mr. Samuelson is a native of Hammond, Ind., graduate of Hammond high school and the University of Michigan where he earned bachelor's and master's degrees in forestry. He was with the U. S. Forest Service eight years before accepting a position with Kimberly-Clark.

Press Q&A Service

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and (IMPORTANT) Mail This Coupon and a 3-cent stamped, self-addressed envelope to Daily Press Service Bureau, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone: write as directed.

Q. I receive family allowance from my son, \$37 a month. I understand this is for substantial support and at the time the application was filed my husband was working. Now he is seriously ill and is in a hospital. Is there any way in which this can be increased or must it always remain in that amount?

A. When a change in circumstances causes an increased degree of dependency upon the soldier, his dependents may request a review of their application for family allowance for reclassification. The nearest Red Cross chapter will assist you in preparing the necessary forms.

Q. Recently I read where prisoners of war confined in the United States did so much work. What kind of work was it?

A. On Army posts, they worked in laundries, bakeries, repaired clothing and equipment, rebuilt shoes, and in general, did all types of work not directly connected with the war effort. They also worked for private contractors and were paid 80 cents a day, the Government collecting the full prevailing wage as set by War Manpower Commission for the work performed. In none of the work did the prisoners compete with free civilian labor.

Q. Which vice president of the United States took the oath of office in Cuba?

A. William Rufus King, of Alabama, who was elected on the Democratic ticket with Franklin Pierce in 1852. Shortly before the inauguration King went to Cuba for his health. Congress passed a special act on March 2, 1853, authorizing the American consul at Havana to administer the oath of office to the Vice President.

elect in Cuba. This was done at Havana on March 4, 1853.

Q. Did Italy produce much wheat in normal times?

A. Normally it is one of the principal wheat-growing nations, the third largest producer in Europe, with a crop about one-third that of the United States.

Q. What is the origin of the lines, "Tis better to have loved and lost, than never to have loved at all?"

A. It is a free translation of a Latin proverb in Seneca's "Epistles," No. 99. It was made popular by Tennyson in his poem "In Memoriam," Part XXVII, stanza 4.

Q. What is the incubation period of canary eggs?

A. About 14 days.

Q. When should Iris plants be fertilized?

A. Top dress the soil occasionally with lime in the fall and bone-meal liberally in the spring.

Webster Cub Pack To Be Installed

The newly organized Cub Pack 413, of the Webster school, will hold its official installation, Monday evening, June 4th, beginning at 7:30 p. m., at the Webster school. The public is cordially invited, with a special invitation being given to the parents of the Cubs.

An appropriate program has been carefully planned, with members of the pack, Cubmaster, Den Mothers, Den Chiefs and Pack Committeemen taking part.

The Meat Shortage

AMERICAN housewives who have been searching vigilantly and often fruitfully for meat during the past month are dismayed to learn that the meat supply will be even more critical in June. The OPA has reported that there will be less beef, less pork, less lamb, less veal and less mutton and in addition there will be less lard and cooking oils.

The OPA is undertaking a vigorous campaign to break the black market in meat and to funnel the available supply to legitimate channels. This is commendable, of course, and should receive the support of the American public.

The best way to break the black market in meat, however, is to provide more meat by removing some of the silly embargoes on shipments of meat products from neighboring countries, particularly Canada and Argentina, both of which have a surplus of meat.

In an effort to gain greater production of meat in our own country, the government has proposed to increase the subsidy. Unfortunately this device has been attempted before without any appreciable success.

At least until such time as sufficient meat is produced in the United States to meet the needs of the American population, present barriers against the receipt of meat from other countries should be eliminated. That step would break the black market quickly, without necessitating an army of government snoopers prying into deep freeze lockers and asking a lot of silly questions of the nation's farmers.

Isle Royale Park

DUE to wartime conditions, Isle Royale national park will be operated on a restricted scale this summer, but the National Park Service has indicated that operations will be expanded after the war.

Established back in 1935 when there was a tremendous amount of interest in the building up of the tourist industry and when there was a need for conservation work projects, Isle Royale national park has not yet been able to show its worth to the Upper Peninsula. The National Park Service has definite plans for the development of the park in Lake Superior, but its program has been delayed by the war.

Isle Royale probably will never attract large numbers of tourists like Yellowstone and other popular areas. It will be left in its wilderness state, and development will be limited to the completion of a program of housing accommodations, trails, docks and camping facilities. But the National Park Service will give Isle Royale extensive publicity year after year, and doubtless a large percentage of the so-called national park fans will make an effort to visit the scenic island.

What Isle Royale national park needs most of all is adequate transportation facilities from the mainland. Doubtless, the park service will be able to provide this service with one or more of the government-owned boats that will be available after the ending of hostilities. It will be to the Upper Peninsula's interest to see that these boat lines are operated out of the Copper Country instead of Duluth or some other port in Minnesota.

Britain Also Fights

DURING the early part of the war, Nazi propaganda attempted to create disunity and suspicion among the Allies with the familiar line that Britain would fight to the last American or Frenchman. This propaganda tactic was adopted by British haters in this country, or perhaps they were Nazi lovers.

But the figures show that Britain is also fighting and suffering in this war. Thus far, the British empire's armed forces have suffered 1,128,315 casualties, including 307,201 killed. In addition, the civilian population also has gone through the hell fire of this war, with more than 60,000 killed and a quarter million injured.

Incidentally, the British death toll on the battlefields of this war are only one-third as large as that of the first World War. They have made their share of the sacrifices in helping to save the world from Prussianism and Fascism in the past three decades.

Our Secret Weapon

SGT. OSCAR G. JOHNSON, JR., 24, of Foster City, whose courageous devotion to duty against heavy odds has earned him the nation's most coveted award, the Congressional Medal of Honor, is typical of the type of American fighting man that has made the United States army the world's greatest battle force. Sgt. Johnson and men like him are America's secret weapon.

The Nazis and the Japs, too, thought that Americans, accustomed to luxuries and the world's highest standard of living, were too soft for modern warfare. They

World Events Analyzed

BY MARQUIS CHILDS

Washington—By his last important act as attorney general, Francis Biddle demonstrated the great power which rests in the department of justice. In filing suit in Los Angeles to test the right of the federal government to offshore oil, he has

raised an issue involving vast sums of money and one of the prime natural resources of this country which is now dwindling to scarcity. It cuts, too, straight across the states' rights issue. For 40 years oil operators have been drilling in coastal submerged lands off California, and in recent years they have obtained a very large revenue from this source.

In 1921, the state of California adopted a leasing law under which leases have been issued by the state and the state has received royalties from drillers. Thus, if the federal government were to step in and acquire all mineral rights to land lying between the low water line and the three-mile limit, California would lose a substantial amount of revenue.

—ALSO APPLIES IN TEXAS— The same thing is true of Texas. Similar operations have gone on under the tidal waters of the Gulf of Mexico, and Texas raises special claims because of the terms under which the Lone Star state came into the Union; or, as Texans put it, the terms under which the United States joined up with Texas.

All this was brought to a head by several resolutions introduced in the present Congress which would give the states unequal claim to offshore oil. Attorney General Biddle decided, properly, it seems to me, that the question of the ownership of this enormously valuable resource should be tested in the courts.

Our oil reserves are vanishing under the enormous drain of this global war. It takes fantastic quantities of fuel oil to move the sinews of war across the vast Pacific. In this connection, it is interesting to note that the Senate passed in 1937 a resolution which declared that submerged lands containing oil are the property of the United States, and this resolution had the support of the navy, interior and justice departments. The men who run our navy know how vital a national oil supply is.

The suit filed on Tuesday has still another aspect. It serves to sharpen what seems to be the beginning of a split within the Democratic party, threatening the harmony that has been emphasized since President Roosevelt's death.

—PAULEY IS INTERESTED— An oil man with a direct interest in offshore oil is Edwin W. Pauley, who is also treasurer of the Democratic National committee and recently named American member of the Tri-Partite Reparations Commission in Moscow. Pauley has had at least one acrimonious exchange with Secretary of the Interior Ickes over offshore oil.

Biddle said in his press conference announcing the suit that the question had never been settled by the courts. The attorney general pointed out that he had consulted with Ickes and had obtained his approval before starting the oil suit.

New Dealers of the type of Biddle and Ickes are suspicious of the intentions of Pauley and his close ally, Chairman Robert Hannegan of the Democratic National committee. They see them giving big business a free hand.

This may have been the reason why Biddle emphasized the importance of another suit—the anti-trust action against the big movie companies to compel them to divorce the movie industry from theater ownership. That suit is scheduled to come up in October.

Merely by not bringing the oil suit, Biddle could have allowed the whole question of ownership to go by default. That illustrates the power the attorney general wields.

Present at Biddle's last press conference was his successor, the present Assistant Attorney General Tom Clark. New Dealers will be watching Clark closely to see whether he carries out the policies initiated under Roosevelt. If he does not, they are likely to make their discontent vociferously known, and that can affect what happens in 1948.

NATIONAL Food Stores

TREASURED LINENS!
HOW DO YOU KEEP THEM
LOOKING SO NEW?

**THAT'S EASY! CLOROX
GENTLE BLEACHING
MAKES THEM
SNOWY-WHITE
AS NEW!**

PRIZED old linens often possess sentimental value in addition to their lovely appearance. Such linens, as well as those hard-to-replace everyday linens, deserve the utmost care... especially in laundering. They deserve Clorox extra-gentle bleaching... for Clorox lessens rubbing, thus conserving fabrics. Clorox is ultra-refined... it is free from caustic, an exclusive, patented quality-feature. Let Clorox help preserve the beauty and life of your linens.

Clorox in routine cleansing of kitchen and bathroom "danger zones" provides greater home health protection... for Clorox has intensified disinfecting action. Ask for Clorox. Simply follow directions on the label.

Clorox in laundering makes white cottons and linens snowy-white (brightens fast colors), removes stains, scorch and mildew. It also deodorizes and disinfects.

When it's CLOROX-CLEAN... it's Hygienically Clean!

Job's Daughters Hold Installation Program

Installation of officers of Job's Daughters was held on Monday evening at 8 o'clock at the Masonic Temple.

Newly elected officers are: Honored Queen, Florence Anderson; Senior Princess, Lois Johnson; Junior Princess, Anna Mae Loveland; Guide, Mary Sue Farrell; Marshal, Joyce Nichol; First Messenger, Joyce Kallio; Second Messenger, Barbara McCormick; Third Messenger, June Peterson; Fourth Messenger, Charlotte Gustafson; Fifth Messenger, Beverly Goodreau; Recorder, Joyce Erickson; Treasurer, Shirley Nolden; Chaplain, Elizabeth Kassin; Musician, Marquita Lieungh; Librarian, Carol Wawirka; Senior Custodian, Shirley Fournier; Junior Custodian, Marilyn Nicholson; Inner Guard, Marby Hansen; Outer Guard, Adris Nelson.

Installing officers were: Honored Queen, Lorraine Northrup; Guide, Marilyn Gustafson; Marshal, Mary Hibbard; Chaplain, Ione Kamrath; Recorder, Betsy Wickman; Musician, Dorothy Carlson; Senior Custodian, Mae Champion; Junior Custodian, Marilyn Watson.

The installation program was as follows: Pledge of allegiance, sung by Florence Anderson; the Lord's Prayer, sung by Dan Raess; Obligations, My Task, sung by Milly Miller; Prayer Perfect, sung by Rosalie Peterson; Five Messengers, sung by Betty Riegel.

To the accompaniment of a song, "All for You," sung by C. Arthur Anderson, the Honored Queen walked under an archway of flowers, formed by the following escort: Marilyn Cox, Laura Jean Nicholas, Gerd Nilsen, Charlotte Olson, Connie Pascal, Pauline Pearson, Rosalie Peterson and Marilyn Watson. This was followed by a solo by Gerd Nilsen, and two numbers sung by a trio, consisting of Rosalie Peterson, Florence Anderson and Gerd Nilsen.

Following the installation ceremonies, there were short talks by the outgoing Mother Guardian, Mrs. E. R. Gustafson; the Associate Guardian, C. Arthur Anderson; the newly installed Mother Guardian, Mrs. J. F. Bartlett.

New members of the Guardian Council, who were installed by Mrs. Millicent Stegath, were: Mother Guardian, Mrs. J. F. Bartlett; Associate Guardian, C. Anderson; Mother of Music, Milly Miller; Mother Treasurer, Mrs. Rudy Shiner; Mother Recorder, Miss Joyce Johnson; Mother Librarian, Mrs. B. B. Loveland; Custodian of Gowns, Mrs. Donald Northrup.

Following the installation ceremonies, lunch was served in the clubrooms, which had been attractively decorated with apple blossoms. Those on the refreshment committee were Mrs. Louis Larson, chairman; assisted by Mrs. Olaf Peterson and Mrs. Atly Peterson.

Mrs. George Donnelly and children, Kathleen and Sharon, of Chicago are visiting at the home of Mrs. Donnelly's parents, Mr. and Mrs. W. J. Anthony, 404 Lake Shore Drive.

Mr. and Mrs. Leonard Olson and son Jerry have returned to Houghton after visiting with Mrs. Olson's mother, Mrs. Eugene Thompson, 509½ First avenue south.

Mrs. Rudolph Olson and two children, Richard and Joan, of Rocky Ford, Colo., are visiting at the home of Mr. and Mrs. F. M. Fernstrom, 1420 Second avenue south.

WT 2/c Willfred I. Olson, U. S. Coast Guard, is home for ten days, visiting his parents, Mr. and Mrs. Algot Olson, 331 North Fourteenth street.

Miss Marjorie Dufour, 313 South Twelfth street, is leaving today for New York City and New London, Conn., where she will visit with Mr. and Mrs. Palmer Derouin.

Later, she will go to Washington, D. C., and to Patuxent River, Md., where she will visit Mr. and Mrs. George Ferruccio.

Russell J. Faber, U. S. Navy, is home for three days, visiting his parents, Mr. and Mrs. Joe Faber, 427 South 19th street.

S/Sgt. Francis J. Lueneburg is home for thirty days, visiting his parents, Mr. and Mrs. Edward Lueneburg, 524 South 19th street.

S/Sgt. Lueneburg has been hospitalized in Topeka, Kans., after receiving a foot injury in the Pacific theater.

Mrs. Nettie Seidl and family returned Wednesday evening from Menominee, having been called there by the death of Mrs. Gilbert W. Dean, mother of Mrs. Seidl.

Those attending the funeral from Escanaba were Mr. and Mrs. James Bedore, Mr. and Mrs. August LaCrosse, Louis Nance and son James, Mrs. Mary VanEffen of Gladstone, and Mrs. Marian Sloan of Treary.

Mr. and Mrs. Isadore Frisque attended Memorial Day exercises in Menominee.

Pfc. Robert Heminger is home for 30 days, visiting his parents, Mr. and Mrs. Harvey Heminger, 508 First avenue south, after returning from Guam and Two Jima.

Ensign Sam H. Schram is home on a five-day leave, visiting with his mother and members of his family at the Terrace apartments. He has been stationed in Miami, Fla., and will go to Norfolk, Va., after leaving Escanaba.

Mr. and Mrs. Theron F. Dean of Detroit visited with Mr. and Mrs. Joseph Beauchamp, 409 North 20th street, after attending the funeral of Mrs. G. W. Dean in Menominee. They returned to Detroit on Thursday.

Sgt. Robert Owen is spending two weeks visiting with his mother, Mrs. Jesse Owen, 1201 First avenue south. Sgt. Owen, who has been in the Philippines, will return to Santa Barbara, Calif., for reassignment.

Mrs. Clyde Moersch and baby daughter, Bonnie Jean, have returned from a three-week visit in Annapolis, Fla., with T-5 Clyde Moersch, who is stationed at Camp Gordon Johnston. T-5 Moersch expects to leave soon for overseas duty.

Use Powder Mitt For Fast Shampoo

MISS LOVERIDGE: Saves time

BY ALICIA HART
NEA Staff Writer

Ever caught with an unexpected date and hair so limp that you couldn't bear to look at yourself in the mirror?

For that not uncommon dilemma, a way out is offered by Marion Loveridge—"Betsy Ross" of the radio—who suggests using a dry shampoo powder and a terry cloth mitt for a quick "shampoo."

In 10 minutes, Marion says, she can rub strands of hair as clean as stripped twigs without damaging a curl or upsetting a wave.

After rubbing hair with the powder mitt, Marion reverses the glove and using its clean inner side, burnishes her locks. Following that up with brisk brushing to rout any cloudiness left by the powder, she says her hair looks almost as clean and fluffy as it does when she has time to get a fresh set.

Following the installation ceremonies, lunch was served in the clubrooms, which had been attractively decorated with apple blossoms. Those on the refreshment committee were Mrs. Louis Larson, chairman; assisted by Mrs. Olaf Peterson and Mrs. Atly Peterson.

Mrs. Rudolph Olson and two children, Richard and Joan, of Rocky Ford, Colo., are visiting at the home of Mr. and Mrs. F. M. Fernstrom, 1420 Second avenue south.

Mrs. George Donnelly and children, Kathleen and Sharon, of Chicago are visiting at the home of Mrs. Donnelly's parents, Mr. and Mrs. W. J. Anthony, 404 Lake Shore Drive.

Mr. and Mrs. Leonard Olson and son Jerry have returned to Houghton after visiting with Mrs. Olson's mother, Mrs. Eugene Thompson, 509½ First avenue south.

Senior High Girls Will Stage Style Show Today

The first and second year home economics classes of the senior high school under the direction of Miss Edna Marotz are putting on a style show this morning in the senior high auditorium to show what they have accomplished this year in sewing.

The show is to be divided into three skits. The first of these is called the "Sweet Teen Shop."

This skit will feature girls wearing school clothes and the backdrop will include a coke bar. The girls will make comments on the clothes which they have made.

Girls taking part are Mary Ann Anderson, Dorothy Baribeau, Dorothy Blanchette, Rose Bradway, Eleanor Cleamant, Alice Dahl, Joyce Saginaw, Theresa Derusha, Marilyn Fenlon, Shirley Flath, Gerry Ford, Carol Friedgen, Mary Gasman, Rozella Goulet, Elaine Lindquist, Ruth Oliver, Mary Ann Ottensman, Marilyn Perryman, Alta Porath, Beverly Roberts, Mary Sloane, Vonna White, Mercedes Bouchard, Mary Lou Villeneuve, Virginia Peterson, Colleen LaComb, Joyce Bloomstrom, Lois Harrison and Marie Ogren.

The next skit, the sewing club meeting, will feature dresses, skirts and blouses. In it are Ann and Jane Bakran, Jane and Eileen Daly, Rita Daigneault, Julianne Dugener, Lorraine Harrison, Marion Jensen, Theresa LaFave, Beverly and Victoria Mattson, Jackie O'Donnell, Arline Pearson, Harriet Vanderlinden, Rita VanEffen, Valerie and Phyllis Spade, Kathleen Rousseau and Margaret Goedert.

The last skit will feature a come-as-you-are lawn party and wool suits, slacks suits, afternoon dresses, shirts, blouses, and house coats will be shown. In it are Dorothy Anderson, Helen Barry, Lorraine Chouard, Joyce Corouer, Rosemary Dugener, Joyce Dupont, Jean Gardner, Pat Goodreau, Marilyn Gustafson, Joyce Johnston, Gail LaChapelle, Mary McCauley, Joyce O'Seen, Ella Pepin, Pat Rivard, Helen Schwalbach, Betty Roushoun, Betty Swiland, Bernice Williams, Joyce Guindon, Helen Hayson, Lorraine Nadeau, Joyce Neumire, Colleen Gafner, Emily Makosky, Mildred Kosar and Agnes Franzen.

Services at Fox
Rev. R. L. Lund will hold services at the Fox schoolhouse on Sunday evening at 7:30.

St. Mary's Club
St. Mary's Club No. 561 will hold a regular meeting at the St. Joseph's club rooms at 7:30 o'clock this evening. A social program will follow the business session.

Rummage Sale
The Women's Society of Christian Service of the First Methodist church will conduct a rummage sale Saturday morning at 9 o'clock in the church basement, corner Sixth street and Second avenue south.

Services at Cornell
Preaching services will be held this evening, Friday, in the Methodist church at Cornell.

Births
HA 1/c and Mrs. Neal Lundgaard, of Ogden, Utah, are the parents of a baby girl born on May 27. The baby is named Linda Lou. They have two other children, Neal, Jr., and Harry. HA 1/c Lundgaard is the son of Mr. and Mrs. August Lundgaard of Cornell.

A son was born to Mr. and Mrs. Lawrence Anderson, 310 South 14th street, on May 24 at St. Francis hospital.

Mr. and Mrs. John Ring of Cornell are the parents of a baby girl, born on May 29 at St. Francis hospital. The baby, which weighed six pounds and thirteen ounces, has been named Charlotte Ruth, and is the second child in the family.

Three tablespoons of cocoa plus one teaspoonful of table or cooking fat can be substituted for a 2-ounce square of chocolate.

If sleeves of an old dress are worn or torn, make over by adding a new yoke and sleeves of contrasting color.

Fold pillow slips, towels and handkerchiefs as you iron and save time.

Women Experienced in Store Work
will certainly be interested in the kind of positions we offer. If you are such a woman, and can sell men's, women's and children's merchandise, you'll find it well worth while to come to see us.

Social - Club

B. and P. W. Meeting
The Business and Professional Women's club will meet Monday evening at 6:15 at the First Methodist church. Newly elected officers will be in charge of the business meeting.

Job's Daughters
The Grand Guardian Council session will be held in the Masonic Temple at Grand Rapids on June 9 and 10. All Job's Daughters and council members from Escanaba and Gladstone are invited to attend.

Silver Wedding
Mr. and Mrs. E. F. Krause of Bark River were pleasantly surprised Tuesday evening when a group of friends and relatives gathered at their home on the occasion of their silver wedding anniversary.

A pleasant evening was climaxed with a delicious lunch, with a wedding cake forming the centerpiece of the table. Mr. and Mrs. Krause were presented with a gift.

The couple have resided in Bark River since their marriage there on May 29, 1920.

Couple Honored On 25th Anniversary

Mr. and Mrs. Arthur Carlson, 914 South 13th street, were honored guests at a celebration held on the occasion of their silver wedding anniversary at the Evangelical Covenant church Saturday evening.

A musical program was arranged, which included a duet by John Anderson and Mrs. F. M. Fernstrom; a solo by C. Arthur Anderson; "I Love You Truly," sung by Mrs. Al Olson. A poem, "Silver Wedding," was recited by LaVerne Nelson.

Following the program, a delicious lunch was served, with a wedding cake forming the centerpiece of the table. Mrs. Carlson received flowers, and the couple was presented with a gift of silver.

Mr. and Mrs. Carlson were married in Ishpeming twenty-five years ago, and have always lived in Escanaba. They have one son, Neil, at home.

COUNTY LAGS IN 'E' BOND SALES

7th War Loan Workers In Barr District Named By Chairman

Delta county residents continue to trail other counties of the Upper Peninsula in the purchase of "E" bonds in the Seventh War Loan drive, and Charles Hammar, War Loan chairman for the county, yesterday asked for a speed-up in bond purchases to "take us out of the cellar."

The purchase of individual "E" bonds also lagged in the Sixth War Loan drive in Delta county, and the county finished the campaign "on the bottom" in the Upper Peninsula. In the last drive the county subscribed only 75.1 per cent of its "E" bond quota. Schoolcraft was next low with 78.1 per cent—and Baraga county was high with 125 per cent.

In an effort to encourage bond buying among individuals in Escanaba, Mrs. Frank Nolden, city chairman, yesterday named the Seventh War Loan workers in the Barr school district. The names of other district workers will be announced later. Purpose of the list is to encourage city residents to call the worker nearest them and sign up for bond purchases if the worker has not yet contacted them.

The workers in the Barr school district were named as follows:

Mrs. Fred Carlson, captain.
Mrs. M. Frederickson, Mrs. Fred Earle, Mrs. M. Pedar, Mrs. Alfred Brandt, Mrs. Victor Johnson, Mrs. M. Jensen, Mrs. R. Erickson, Mrs. A. Arntzen, Mrs. E. Harvey, Mrs. C. Riegel, Mrs. G. Caswell, Mrs. L. Armstrong, Mrs. C. Aho.

Mrs. John Edick, Mrs. Charles Detrick, Mrs. H. McDonagie, Mrs. F. F. Davis, Mrs. Victor Powers, Mrs. Sterling Prass, Mrs. John Holland, Mrs. W. Schuldes, Mrs. H. Hogan, Mrs. W. Rockburg, Mrs. Juel Lee, Mrs. G. Arntzen.

Mrs. Harold Carlson, Mrs. Erite Froberg, Mrs. C. Zerbel, Mrs. Joseph Ivens, Mrs. Martin Olson, Mrs. Ed Christianson, Mrs. Alfred Baker, Mrs. M. Bink, Mrs. Alfred Laviolette, Mrs. Lyle Shaw, Mrs. James Warner, Mrs. W. O'Connor, Mrs. Alvin Martinson, Mrs. R. P. Bowers, Mrs. C. Fenstrom, Mrs. W. Pfister and Mrs. Ernie Zeno.

Blind Seals Now

In Mail, Chairman Starrin Reports

The blind seals being distributed by the blind committee of the Escanaba Lions club were placed in the mail last night and will reach most addressees today, Roy Starrin, chairman of the committee announced yesterday.

It had previously been planned to mail the seals and the letter of solicitation earlier in the week but technicalities in postal regulations caused a delay. Approximately 600 letters have been mailed, Starrin reported.

Receipts from the sale of blind seals are used by the Lions club to carry on its extensive sight-saving program. Approximately \$400 was received last year.

State Furnishes Land Sale Lists

Lansing—It is not necessary to pay fees to agents in connection with the purchase of available state-owned lands in northern Michigan counties.

The conservation department announces that it will furnish, without charge, its lists of such lands and county maps showing locations.

The department's land division lists tax-reverted lands which have been offered at public auctions without finding takers. Only those lands not desired for public use and conservation purposes are offered for sale.

Classified Ads cost little but do a big job.

MEMORIAL SERVICES — Memorial services will be held for Pfc. Albert V. Hammerberg in the Methodist church at Carney on Sunday afternoon, June 3, at 2:30 p.m. Hammerberg, the son of Mrs. August Anderson of Bark River, was killed in action in Germany on April 2. He was born in Daggett, but spent most of his life in Bark River. He entered the armed forces in 1941.

Pfc. Hammerberg is survived by his mother, four sisters, Mrs. Oscar Olson, Bark River; Mrs. Helen Waldo, Carney; Mrs. Rudolph Larson, Wilson; Mrs. Mildred Wilson, Chicago; and two brothers, Sam Hammerberg and S. J. Edward Hammerberg.

'HOPPI-COPTER' — Darius Green and his flying machine had nothing on Horace T. Pentecost, 36-year-old Seattle, Wash., engineer, pictured wearing his "hoppi-copter" with which he hopes to fly. The miniature helicopter has been granted a CAA certificate of aircraft worthiness.

(NEA Photo.)

Brothers To Meet After 25 Years

By Fern Berry
Van Meer—"When school is out" will mean something more than the usual vacation to Frank L. Berry, teacher at Van Meer. It will mean that he will go to meet his brother, N. W. Berry whom he has not seen for twenty five years.

The Berry brothers will meet at Marion, lower Michigan where N. W. Berry is coming for a visit. Employed by the Government in the west, Berry is recovering from a severe illness and has chosen to visit his brother Frank and family. He will be accompanied by his wife.

Hunting And Fishing

By Sid Gordon

THOSE OLD LEADERS OF SPANISH GUT

While there is a small supply of Spanish gut in this country and more should soon be available for the fishermen, your old leaders can be freshened. You can put new life in them with glycerine and baking soda.

One ounce of glycerine, one-quarter teaspoon of common baking soda and four ounces of rainwater will answer just as well. Then you are sure that the water is neither acid nor alkaline, for rainwater is neutral water.

Strands of old Spanish silk worm gut and tied up leaders can be brought back to life if you soak them in this solution. They should be left in the mixture until the gut is well softened up. I give them about 10 hours before I start tying up my leaders.

One of the worst things we fishermen do is to leave our good gut leaders in our wet leader boxes. We soak the pads with water, carry them all day on the stream and then toss them back in the tackle box after fishing. A week or two later we fish with them and wonder why we lose our fish.

Spanish gut should not be kept wet. When we are through fishing we should remove the leaders from the wet pads, put them in an envelope and keep them in a dry place, away from the light.

When tying up leaders of new Spanish gut, one should never soak the strands more than an hour, for this softens the outer skin just enough so that you will not have what is called a "surgeon's fracture"—a fraying and fuzzing of the gut.

If this happens, or the leader shows the fractures while fishing, rubbing a small piece of rubber over the fracture will smooth it out nicely. Carry a quarter or a half-inch rubber band in your fly box for this purpose.

When you use heavy gut such as Imperial, Hebra and Marana sizes you should soak this heavy stuff about two hours as it takes a little longer.

I believe it is better to take the leaders out of the damp pads after each fishing trip. I prefer the lighter more natural color of the gut than I do the dyed strands for the natural color is not so plain in the water. It reflects the color of its surroundings while dyed gut does not.

The synthetic Japanese gut is of little use for fly fishing but the nylon gut is very good, needs no soaking and is excellent for wet fly fishing. For the dry fly I shall stick to the Spanish gut, the natural gut of the silk worm. It "handles" better, to my taste.

LOOKING INTO THE FUTURE

A unique test of womanly virtue was used by the Bretons who lived in northern Europe centuries ago. Powdered agate was sprinkled in the beer of the doubted one, and if she couldn't hold it down, she was considered impure.

Nitrogen of the air, being an inert gas, passes through an automobile engine unchanged.

WAR PICTURE TO BE SHOWN

"Highballing To Victory" At Court House Monday Night

The war film, "Highballing to Victory" with sound effects, will be shown by "Cliff" LaTurneau, Tire Rationing Officer of the dealers and inspectors to be held in Escanaba at the Court House on Monday, June 4 at 7:30 p.m.

The film is an official reproduction of the U. S. War Department taken under actual battle conditions and holds many thrills as well as moments of suspense.

Mr. LaTurneau will also discuss new phases of the tire rationing program and the re-registration of inspection stations. New accountability and reporting procedures, effective June 1, will be explained in detail. Mr. LaTurneau will have a questions-and-answers period following his regular talk. He urges on all tire dealers, the necessity of becoming familiar at once with the changes so that no confusion will result after June 1.

Tire men are urged to attend the meeting in their own county, but if that is inconvenient the following schedule of meetings for the week of June 4 is given:

Monday, June 4—Escanaba, Court room in Court House.

Tuesday, June 5—Marquette, Auditorium in City Hall Bldg.

Wednesday, June 6—L'Anse, Court Room in Court House.

Thursday, June 7—Houghton, Community Bldg.

Friday, June 8—Calumet, Calumet Town Hall.

Marie Bezold Will Teach At Stambaugh

Stambaugh — On recommendation of Superintendent C. I. Clark, the board of education last night hired two teachers for the 1945-46 term and authorized an extensive summer improvement program.

Miss Ruth Kanerva, Marquette, was engaged for the vacancy in the commercial department, and Miss Marie Bezold, Germantown, Wis., to teach English in high school. Miss Kanerva has a bachelor of arts degree, from Northern State, from which she was graduated and where she majored in commercial work. Miss Bezold has a master's degree from the University of Wisconsin, Madison, and formerly taught in the Escanaba high school. For the past two years she did Red Cross work in military hospitals in Texas, and resigned recently to return to teaching.

Keep a soup jar in the refrigerator and into it put leftover vegetable liquids and gravy.

McMillan

Township Schools Close

McMillan—Columbus township schools closed Friday afternoon for the summer vacation. Commencement exercises were held in the Lincoln school auditorium Thursday evening at which time the following graduates received diplomas, Cora Blankinship, Winifred Thompson, Wanda Thompson, Thomas Miller, Howard McInnis, Jean McInnis, Donald McInnis, Lyle Larivee, Robert Herick, Opal Horner, Audrey Hardness, Lavon Hanger, Richard Hanes, Jacqueline Burk and Mary Brow.

Graduates accompanied by superintendent W. C. Peters and teachers Miss Margaret Kubont and Miss Caroline Johnson left Monday for Mackinac Island, where they will spend a several day vacation.

Baptist Missions
Ralph L. Hill, Missionary, 10:30 a. m. Sunday school in the school building 7:45 p. m. Gospel services at Helmer, Friday, 8:00 p. m. Young peoples meeting at Helmer. All children and young people 10 years and older are invited to attend this meeting.

West Lakefield—Sunday, 2:45 p. m. Gospel services at the Truism Clark home.
McMillan—Wednesday, 2:30 p. m. Prayer meeting at the R. L. Hill home, 7:45 p. m. Gospel services in the township hall. There will be a special feature at this service for the young people and children.

Methodist
R. A. Brunger, Minister.
Church services will be conducted in the local Methodist church Sunday morning at 8:50 o'clock with the Rev. R. A. Brunger of Newberry officiating. Sunday school follows church services with Mr. Donald McInnis in charge.

Briefs
Miss Connie Schunk has returned to her home in Vulcan after visiting here the past several weeks as the guest of friends, Mr. and Mrs. Harvey Mainville and family.

Thirty eight children and young people attended the picnic given for the children of the mid-week Bible class Monday evening. The picnic was held at the John Hanger cabin on the Tahquamenon river north of Danaher. Games were played and a delicious luncheon was served. The mid-week classes are now closed for the summer months.

Louis Hartwick of Marquette was the guest of relatives Mr. and Mrs. H. J. Skinner and daughter Lois and Mrs. Esther L. Hulbert over the week end.
Earl Mark of Marquette visited here with his mother Mrs. Elizabeth Mark the fore part of the week.

Harry Fitzpatrick and party of friends of Pontiac are expected to arrive this week to spend several days of the fishing season here as guests of the former's mother, Mrs. Blanche Fitzpatrick and with Miss Helen Fitzpatrick and sister Mrs. Faye Leighton at the Leighton Resort on Pike Lake north of Newberry.

Memorial Day services, under the auspices of the Newberry American Legion were held at the McMillan cemetery Wednesday morning.

Harold Fuller of the U. S. Navy who has been spending his furlough here with his parents Mr. and Mrs. Everett Fuller left Tuesday for New York.

Dewey Johnson is reported quite ill at the family home here.

Germfask

Church Services

Germfask, Mich.—Methodist church services Sunday June 3, 3 p. m.
Mass at St. Therese Catholic church June 3, 10:30 a. m.

Thirteen hours Devotion will be held at St. Therese church Monday June 4.

Seaman George Leemontine arrived home last week from California to spend a furlough with relatives. He was accompanied home by his wife Irene who had been with him in California for the past few months.

Miss Shirley Jean Lawrence left last week end for Lower Michigan where she will spend a two weeks vacation visiting relatives at various points.

Sally and Tyrus Washell left Friday for their home in Detroit after attending school here for the past year. They were accompanied by their grandmother, Mrs. Mary Hudson who will spend some time at their home.

Miss Marjorie Topkin who is employed in Manistique spent the week end here with relatives.
Seaman and Mrs. George Leemontine and Mrs. Thurman Skarritt left Tuesday for Painesdale where they will visit relatives for a few days.

Mrs. Catherine Shay, Mrs. Leonard Shay and Miss Agnes Hudson attended the funeral of the late Tony Tonarovich and James McDonald which was held at Grand Marais Saturday morning.

School News

The local school children assisted with the 7th War Loan Drive and had sold up to school closed on May 25 a total of \$775.00 this included 1 \$100.00 bond; 6 \$50 bonds and 15 \$25 bonds.
A picnic for the school children and parents was held at the school Thursday.
School closed Friday May 25 for the summer vacation.

STILL A MYSTERY

Quinine, made from the bark of the chinchona tree has been used to control malaria for more than 300 years, yet medical science doesn't know just how the drug works.

MANAGER

MANISTIQUE

PHONE 155
DAILY PRESS BLDG.
111 Cedar StreetCITY SCHOOLS
FACING CRISISMust Have Increased
Financial Help Or
Curb Program

Manistique schools are faced with a serious financial situation. They will have to be accorded increased financial support or the present school program will have to be reduced in the very near future, according to information recently presented by A. F. Hall, city superintendent.

The board of education was forced, in May, to borrow \$10,000 from the state in order to have funds to pay teachers' salaries for the last month of school and for operating expenses for the months of July and August. This amount will have to be deducted from next year's state aid, it was revealed.

The city schools, it is apparent, are in the unfavorable position of not having enough money to break even this year, though they started the fiscal year with a favorable balance of well over \$7,000—thus further handicapped by having financial difficulties intensified by having used this year \$10,000 of next year's income.

The millage at present allocated to the city schools is 5.4 mills. This is nearly the lowest in the Upper Peninsula for cities comparable in size and assessed valuation to Manistique. The approximate average allocation for such cities is 7.5 mills and a checkup of a number of cities in this region reveals that many cities in this region receive up to 9 mills.

The tax allocation board determines the millage allotted to the school districts beyond the minimum of 4 mills provided by law. The Schoolcraft county allocation board is made up of Vern Smith, chairman; A. Heitman, Manistique city councilman; Ada Watson, county school commissioner; Laura Williams, county treasurer; Alec Weigandt, Cooks; and G. Leslie Bouschor, county clerk.

Engadine

Mrs. Anna Klobucher
Engadine, Mich.—Funeral services for Mrs. Anna Klobucher were held Monday morning at Our Lady of Lourdes church at 9:30 o'clock. Rev. Fr. W. Pelletier officiating.

Funeral services were James McGraw, Andrew Binko, Joe Crnkovich, John Stimac, Arthur Hancock, Jake Raski.
Out of town relatives attended the funeral were daughters, Mrs. Mary Radwick of Ferndale, Mrs. Effie Reck of Lansing, two sons, Charles and Mr. and Mrs. John Klobucher of Lansing. A sister Mrs. Tomy Pleese of Lansing.

Besides her eight children. She is survived by four brothers, Joe Ozanich, of Lansing, Tomy of Czechoslovakia, Mike and Matt of Engadine, sisters Mrs. Tomy Pleese of Lansing and Mrs. Andrew Binko of Engadine.

Burial was in the Engadine cemetery.
Matt R. Ozanich S 1/2 who has been spending a ten days leave with his parents, will return to his base at Norfolk Va. Thursday May 31. Matt came by plane to Detroit and will fly back to his base. He was accompanied by his sister Mrs. Kate Cook from Lansing. Mrs. Cook will spend the summer months with her parents Mr. and Mrs. Matt Ozanich.

Pfc. Matthew J. Lesatz USMC was transferred from the Naval hospital at Seattle, Wash. to the Great Lakes, Ill. Naval hospital. Matt had a 72 hour leave and came and spent Saturday and Sunday with his mother, Mrs. Francis Binko. Enroute he stopped at Milwaukee where he was joined by his brother John and sister Mrs. Henry Neufuss and son Donald who accompanied him to the home of his mother.

Mrs. Frances Binko received a telegram from her son Pfc. Edward Lesatz that he has arrived in the states from France, and expects to be home soon.

Mr. and Mrs. Royce Petty, and Jack Rapin of Detroit returned to their home Sunday following a two weeks visit with relatives and friends.

Mrs. Albina Collins and daughter Fred Beck and baby daughter Patricia Susan of Marquette arrived Monday night. Mrs. Collins will remain here at her home for 30 days. Mrs. Beck will return to Marquette Sunday. They were accompanied from Marquette by her son Staff Sgt. Philip D. Collins who has arrived home after 11 months overseas service to spend a 30 day furlough with his mother. Mrs. Albina Collins at the conclusion of his leave he will go to Santa Ana, Calif. for reassignment. Philip has completed 30 missions as a gunner on a B-17 with the Eighth Air Force.

NAMED C-C SECRETARY

Iron River—The appointment of Albert C. Boyd, 37, who has been assistant secretary of the Davenport, Iowa, Chamber of Commerce since Jan. 15, as secretary to succeed Lewis H. Day, effective June 1 is announced to Mel Foster, president of the Chamber. Day resigned to accept a post as assistant to the president of a manufacturing company in Davenport. Boyd, former high school teacher in Iron River and Crystal Falls and first manager of the Ottawa Tourist Bureau here, has been in Chamber of Commerce work since leaving Iron River.

Sgt. Walter Nelson
Shot In Right Eye
By Sniper Bullet

DIED IN GERMANY—Further word concerning the death of Pfc. Stanley Paradise, which occurred April 30, was received the first of the week by Charles Paradise, the young man's father.

In the letter, written by Everett W. Duvall, Lt. Colonel of the 180th Infantry, the officer states that Stanley is buried in a well cared for American cemetery in Ulm, Germany, where a chaplain of his faith (the Catholic) conducted services at his grave. He says further: "The loss of your son has been felt keenly in his regiment, as he was an excellent soldier and was admired by all who knew him. I can assure you that I, and the men of my command will dedicate our every effort to achieve ultimate victory, so that your son's death may not have been without a solemn purpose."

Social

Pre-Nuptial Shower

Miss Kathryn Richey was honored Tuesday evening at a pre-nuptial shower given for her at the Ed LaBelle home on Deer street. Cards were played during the evening with prizes being awarded in five hundred to Mrs. John Hockstad, high, Mrs. Charles Reilly, second, and Mrs. Roy Briggs, low. In smearing Mary Ann Holland received high, and Mrs. Nels Bouschor, low.

Tasty refreshments were served at the close of the evening. Miss Richey received many lovely gifts.

Mrs. Frank Reid of Cooks, Mrs. John Hockstad of Shingleton, and Mrs. Rueben Byers of Hlawatha were out-of-town guests at the shower. Twenty-eight guests were present.

Marilyn Jean's Party

Marilyn Jean Judd entertained her friends Saturday afternoon at her home on South Front street, the occasion being her seventh birthday anniversary.

The afternoon was spent playing games after which a delicious lunch was served. The table was decorated with red white and blue and individual lighted birthday cakes.

Marilyn received many lovely gifts and a purse of silver from the following friends: Phyllis Pasino, Alice Paradise, Sandy Young, Sally Stoor, Geny and Joyce Fagan, Charlene Chartier, Marilyn Larson, Joyce Longtine, Donny Lambert, Diane, Beverly and Wally Dixon, Bonnie Gill, Arlene Anderson, and Nancy and Virginia Soukup.

FASTEST SHOT FLYER

The speed of the hummingbird is extremely difficult to determine, since its flights are short and spasmodic, but tests have shown that no bird can make a short dash with the speed of the tiny hummer.

Mrs. John Patz spent the week-end visiting in Marinette.

WEST SIDE IS
"DOLLING UP"Three Business Places
Putting In New
Fronts

Deer street is having its face lifted.

It seems that Henry Gardner, of the Gardner Hotel, started something when he ordered a new front for his hotel and cafe, for others immediately set about to follow his example, with the result that the Christensen Tavern is being improved with a brick supported front entrance and Schultz Brothers are making arrangements for the complete remodeling of their store front.

The Gardner Hotel improvement replaces the conventional type store front with oval shaped windows. Swinging doors will be put in the main entrance helping to shut off drafts caused when the doors to the lunch room, cafe or upstairs were opened.

Christensen's tavern will have a brick window base and the entrance will be deeper. The new glass will also be of heavier plate. Schultz Brothers are arranging for a modernistic plate glass front with brick base and enamelled superstructure.

Several other West Side business establishments are reported planning changes in appearance and arrangement, but nothing definite has as yet been announced.

Briefly Told

Past Matrons' Club—The Past Matrons' club of Ida Chapter No. 54, O. E. S., will hold a regular meeting Monday evening at the home of Mrs. Nellie Raredon, 421 Oak street.

Moms Club—The Moms club will meet Monday evening for a regular meeting in the K. of C. hall.

Sale—The Baptist Ladies' Aid society will hold a rummage and white elephant sale today and Saturday in the Ford garage.

WBA—A regular meeting of the Women's Benefit association will be held Tuesday evening at the home of Mrs. Jack Denny. All members are urged to attend.

REDS CLEAN UP 3-GAME SERIES

Cincinnati, May 31 (AP)—Walter "Boom Boom" Beck turned in a five-hit performance today as the Cincinnati Reds defeated the Philadelphia Blue Jays, 8-1, to sweep a three-game series.

Bill Lee started on the mound for Philadelphia and was replaced in the third by Andy Karl. These two yielded 13 hits and all of Cincinnati's runs although they were aided and abetted by four errors on the part of their teammates.

Despite prolific hitting, Cincinnati's Woody Williams got the Reds' only extra base hit—a double in the first inning. Philadelphia .000 100 000—1 5 4 Cincinnati .130 013 008—8 13 0 Lee, Karl, Coffman and Mancuso, Seminick, Beck and Unser.

CARDS CHASE JAVERY
St. Louis, May 31 (AP)—Scoring five runs in the first inning after Boston had tallied one, the St. Louis Cardinals stayed in front to defeat the Braves 9 to 4 in tonight's finale of a series.

In making those five runs the World Champions drove Al Javery from the mound in the first and he was followed by two other hurlers.

One of the Braves' scores was a home run in the sixth by Tom Holmes, his fourth homer of the season.

Jack Creel, sole Cardinal pitcher, allowed 10 hits. Boston .101 001 100—4 10 4 St. Louis .500 120 018—9 7 1 Javery, Schacker, Earley, and Masi; Creel and O'Dea.

TRIPLE IN 13TH
Pittsburgh, May 31 (AP)—Goodwin Rosen's triple off the right field wall in the 13th inning scored two runners to give the Booklyn Dodgers a 6-4 win over the Pittsburgh Pirates tonight before 13,126 fans.

The Dodgers spiked a Pirate rally in their half of the 13th aided by their fifth double play of the game.

After being held to three hits in the first six innings by Vic Lombardi, the Pirates capitalized on three hits and two errors in the seventh to score four runs and take the lead. The Dodgers came back in the eighth to knot the game when Bob Elliott fumbled Stan Bordagaray's grounder scoring Ed Basinski. Brooklyn .030 000 010 000—2 14 4 Pittsburgh .000 000 400 000—0 8 3 Lombardi, King, and Andrews, Dantonio, Strincevich, and Lopez, Salkeld.

GAMES TODAY

New York, May 31 (AP)—Probable pitchers for tomorrow's major league games, with won and lost records in parentheses:

National League
New York at St. Louis, night; Voiselle (8-2) vs. Donnelly (1-4). Brooklyn at Cincinnati, night; Davis (4-3) vs. Walters (2-5). Boston at Chicago: Cooper (3-0) or Andrews (3-4) vs. Erickson (1-0). Philadelphia at Pittsburgh: Schan (1-6) vs. Roe (4-2).

American League
Cleveland at New York: Reynolds (4-3) vs. Bevens (3-1) or Borowy (6-1). Detroit at Boston: Wilson (1-1) or Trout (4-3) vs. O'Neill (2-1). St. Louis at Philadelphia, night; Jakucki (2-3) vs. Knerr (1-2) or Flores (1-2). Chicago at Washington, night; Grove (4-2) vs. Wolff (4-2).

There are estimated to be some 2,600,000 farmers who sell dairy products in the United States.

FINISH OF 880 B RELAY—Olson, fleet footed Ironwood athlete, is breaking the tape in the Class B half mile relay event here Wednesday, posing out Manning, of Escanaba, who is in the first lane,

partly obscured by Olson's body. The Soo team, anchored by Annotoyne, finished third and Graveraet of Marquette was fourth.

UP AND OVER—Cliff Weir, Escanaba pole-vaulter, is shown here clearing the bar at 11 feet, 3 inches to tie with Osterman, of Baraga, for first

place in the vault specialty event at the U. P. Relays Wednesday. The height was the highest recorded this season by the Escanaba vaulter.

The Sports Parade

By Ken Gunderman

All in all, the Upper Peninsula Relays here Wednesday was a good show. There were a number of close races, notably the 200 yard low hurdles and the Class B half mile. Even the races that were not particularly close were interesting, nevertheless, because they presented most of the peninsula's best runners in the sprints, middle distances and distance events. The mile relay, with only two team entries, Escanaba and Negaunee, was one of the few dull events of the afternoon.

The Escanaba mile relay team may have been capable of setting a new record in this event, but faced with rather weak opposition the Eskymos loomed to an easy victory. Coach Schram wanted to save Schils and Manning, as much as possible, for the half mile relay. L'Anse was the only entry in the Class C medley race, so rather than to run alone the L'Anse team ran in the Class D medley, although, of course, not competing for the Class D team trophy, which was won by John D. Pierce.

Coaches of teams competing at the Relays yesterday filled out questionnaires, stating their opinions regarding proposed changes in the Relays program in future

years. The consensus of these opinions presumably will be announced by the Escanaba high school at a later date, after they have been analyzed and compiled. Incidentally, the coaches here Wednesday were lavish in their praise of the manner in which the Relays program was conducted. The Escanaba athletic field, regarded as the peninsula's finest athletic plant, also drew the usual expressions of admiration.

If the Relays program is revised to present more individual events, undoubtedly such relay races as the mile and the two mile team events will have to be discontinued. These races are among the least interesting anyway so their loss would not be keenly felt. With the best quarter milers, half milers and milers competing in the individual events there would be insufficient talent left to warrant continuation of the mile and two-mile relay events. If they were held, it would be only on a much inferior basis.

Hit and Miss—Lt. Douglas Kerr, U. S. Navy, former Norway coach and later coach at Horace Mann high school, Gary, and his bride are spending a week with friends at Norway. Bill Cook of Manitowish, is planning a revision of the Manitowish invitational track meet for next year, but the revised plans have not yet been completed. Curley Lambeau of the Packers is conferring this week with Arch Ward, Chief Tribune sports editor, regarding plans for the all-star football classic next fall.

**Pike And Panfish
Provide Best Sport**

Lansing, May 31 (AP)—The state conservation department reported today in its weekly forecast of fishing conditions that pike and panfish were providing better sport but that trout fishing continues to suffer from bad weather. The department said fly hatches have started in the west end of the Upper Peninsula, but that waters are high and colored. Pike fishing was said to be good in the back waters of the Prickett Dam and the Menominee and Big Cedar rivers and trolling for lake trout was fair to good.

It has been found that sound travels faster at sea levels than at high altitudes. The speed of sound decreases with decreasing temperatures, therefore making it actually lower at high altitudes.

BASEBALL

Shutout Of Yanks, 2-0, Puts Detroit Within One Game Of Leaders

New York, May 31 (AP)—Army veteran Les Mueller shut out the New York Yankees with two singles in his first starting appearance of the year today, 2-0, as the Detroit Tigers climbed to within one game of Joe McCarthy's leaders.

Only 5,300 fans turned out for the second twilight tilt in the Yankee stadium, apparently marking the end of Larry MacPhail's experiment.

Detroit scored both runs in the fourth inning off Bill Zuber on successive singles by Rudy York, Doc Cramer and Jimmy Outlaw, and an involved run-down play in which Skeeter Webb, who forced Outlaw, and Cramer tried a double steal. Cramer scored before Webb was tagged out between first and second and no stolen base was credited by the official scorer.

It was a first victory for Mueller who had lost one in relief in three previous appearances since receiving his service discharge. Singles by Nick Etten and Hershel Martin were the only New York hits.

Box score:
Detroit AB R H O A
Maier, 3b 4 0 1 2 2

SUPERMAN BEATS INDIANS
Boston, May 31 (AP)—Undeclared freshman Dave Ferriss, now hailed as "superman" by his Boston Red Sox teammates, today gained his seventh straight victory, a 6-2 affair, by giving a five-hit performance against the Cleveland Indians.

Ferriss now has beaten every American League rival except Washington. Only one of the Indians' hits was clean-cut, Felix Mackiewicz's single to left-center in the fourth inning. After being sacrificed by Paul O'Dea, Mackiewicz scored as Frankie Hayes got a scratch single through Third Baseman Jack Tobin.

Manager Lou Boudreau, suffering from an eye ailment, turned over his Cleveland shortstop berth to rookie Eddie Wheeler and Pete Fox, nursing a sore arm, rested on

the last will and testament of said deceased, having filed her petition, praying that an instrument filed in said Court be admitted to Probate as the last will and testament of said deceased and that administration of said estate be granted to Frances Mae Harris, daughter of said deceased.

It is Ordered, That the twenty-sixth day of June, A. D. 1945, at ten a. m., at said Probate Office, be and is hereby appointed for hearing said petition.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Escanaba Daily Press, a newspaper printed and circulated in said County.

Derby Field Drops To Baker's Dozen

BY ORLO ROBERTSON
New York, May 31 (AP)—The field for the 71st running of the Kentucky Derby narrowed to baker's dozen today as John Marsh's Free For All was declared definitely out of the race and Hoop Jr. departed for the blue grass country.

Free for all, unbeaten in five starts as a two-year old but whipped twice this year, pulled a "suppurative tendon" in yesterday's workout at Churchill Downs. Taking no chances on ruining the son of Questionnaire for future racing, Trainer Burley Parke said the colt would not be in the post parade on June 9 at Churchill Downs.

Hoop Jr., F. W. Hooper's impressive winner of one section of the Wood Memorial at Jamaica yesterday, left New York this afternoon, his chances of winning the derby much enhanced by the fact he ran the mile and one-sixteenth of the Wood in 1:45. Col. C. V. Whitney's Jeep, victor in the other division of the Wood in 1:45 4-5, will leave Monday while Alexis from Henry Lunger's Christiana stables board a train tomorrow. Alexis was second to Hoop Jr., beaten three lengths.

With only three representatives from the East the remainder of the derby field will come from horses trained in Kentucky and Charles S. Howard's Sea Swallow, lone candidate from the Far West. Saturday's running of the mile and one-eighth blue grass stakes at Churchill may reduce the field still more.

Dagenais Wins Over St. Pat's CYO, 9-0

Dagenais grocery defeated St. Pat's CYO softball team 9 to 0 last night with Tommy Elgreet pitching a no-hit, no-run game. Ray Johnson of the winners hit safely three times, and scored as many runs. St. Pat 000 000 0—0 0 3 Dagenais 010 233 x—9 12 3 Batteries: Peterson and Hirn, Elgreet and Hansch.

PRUETT JILTS TORONTO
Philadelphia, May 31 (AP)—The Philadelphia Athletics today optioned Catcher Jim Pruett to Toronto of the International League but the former Milwaukee Brewers' played said he would not report.

PHILS GET SOUTHPAW
Boston, May 31 (AP)—Oscar Judd, 35-year-old Canadian southpaw pitcher, tonight was sold to the Phillies by the Boston Red Sox for the waiver price. He will report to his new club in Pittsburgh tomorrow.

A number of cabs in Cleveland, Ohio's taxicab fleet have been provided with two-way radios, adding to the efficiency of their operation and providing faster service for the public.

It has been found that nearly 10,000 pedestrians are killed each year in pedestrian-auto accidents.

FISHING CONTEST FOR 1945

Sponsored by

City and State
Fish witnessed and measurements verified by

1. Name 2. Name
Address Address

SEND A PHOTOGRAPH OF YOURSELF AND FISH WHEN POSSIBLE

CLASSES

1. Brook Trout (Salvelinus fontinalis). **7. Wall-eyed Pike, Pike Perch, Dory** (Stizostedion vitreum).
2. Brown Trout (Salmo fario). **8. Small Mouth Bass** (Micropterus dolomieu).
3. Rainbow Trout (Salmo irideus). **9. Large Mouth Bass** (Micropterus salmoides).
4. Lake Trout, Mackinaw Trout (Esox lucius). **10. Perch** (Perca flavescens).
5. Pike (Esox lucius). **11. Smelt** (Osmerus mordax).
6. Muskellunge (Esox masquinongy). **12. Sunfish** (Lepomis gibbosus).
13. Bluegill (Lepomis microlophus).
(Additional classes will be added if interest warrants.)

RULES

1. The contest is open to everybody, men, women and children. Contest opens with the legal fishing season and closes on Labor Day, September 3, 1945, to be eligible.

2. All fish entered in the contest must be caught in public waters of Upper Michigan during the open season in the respective fish class.

3. Contest is limited to fish taken with hook and line. Any legal held in the hand and not attached to a boat.

4. All information asked for on the entry blank should be supplied. Failure to give length and girth will disqualify entries. Fish must be weighed on tested scales and measured with a steel tape measure. The length taken from the end of the lower jaw with the mouth closed to the tip of the tail, and the greatest girth of the fish taken. Weight may be given dressed or in the round, or both.

5. In the wall-eyed pike and black bass classes a photograph is desirable to be sure of identity of the species.

6. In the event of two or more fish weighing and measuring exactly the same, identical trophies will be awarded. Greatest measurements will decide the winner when weights are approximately equal.

7. Accompany your entry with

WILD RABBITS ARE ANNOYING

Gardeners Report Much Damage Done By Animals

Wild rabbits' notorious fondness for peas and beans is resulting in the usual springtime increase in number of complaints from irate gardeners. The conservation department has some stock answers.

Permits to trap rabbits are issued when investigations of complaints establish need. Applications for permits should be addressed to the department in Lansing. Local conservation officers make investigations.

Wild rabbits are game animals and are protected by law. There are penalties for shooting them out of season. Most cities, towns, and villages have ordinances prohibiting use of firearms within corporate borders, but the conservation department warns that trapping permits do not carry authority to use firearms.

The department advises against experiments with repellent substances to be sprayed or dusted on plants because they may cause more injury than the rabbits and untended materials may have very little repellent value. Of the many kinds of insecticides commonly used, nicotine sprays at the strength used to destroy insects seem to have the most deterrent effect. A spray of nicotine applied in the late afternoon or evening and renewed every few days will usually reduce rabbit injury to plants.

Rock

Birthday Party

Viola and Eleanor Martilla were pleasantly surprised recently when a group of friends and relatives gathered at their home to celebrate their birthday. Games were played, and a delicious lunch with two birthday cakes was served. Viola and Eleanor received many lovely gifts.

Guests who attended the party were Mr. and Mrs. Wester Bjorn, Ruth and Elsie Bjorn, Mr. and Mrs. Jack Witala, Marvin Millimaki, Mrs. Anna Anderson, Talto Anderson, Mr. and Mrs. Werner Hallinen, Ruth and Neil Hallinen, Theo. Warmanen, Fanny Mattson, Zerilda and Marvin Kinekas, Mildred and Edwin Kinioja, Violet and Ronnie Aho, Ben Halmi, Kenneth Maki, Mr. and Mrs. Toivo Salo and Joyce, of Watson, and Tyvie, Eddie, Arno, and Oliver Kainulainen, of Palmer.

City Board Of Review At Work On Exemptions

Expecting an unusually busy period in hearing complaints from property owners on new valuations, the Escanaba board of review yesterday organized and began preliminary review of requests for exemptions filed by widows of war veterans.

The board of review is composed of five Escanaba supervisors who are members of the county board. They are Charles Priestler, who was elected board of review chairman, Elmer Klasell, chairman pro-tem, Mayor Sam Wickman, Charles W. Stoll, and City Clerk Carl E. Anderson, who is also clerk of the board of review.

Starting June 4 the board of review will meet in the council chambers in the city hall and will continue in session as long as necessary to complete the review of Escanaba tax rolls.

In the preliminary meetings begun yesterday the board started the adjustment of valuations requested by widows of war veterans. A total of 217 such affidavits requesting exemption had been received by the board to yesterday afternoon.

Disabled veterans of wars from the Philippine insurrection to the present war, widows of veterans, and servicemen in the present war are permitted exemptions up to \$2,000 on their homes so long as the total assessed value of their real property does not exceed \$5,000.

To obtain such exemption an affidavit must be filed with the city clerk. Men in service may have the affidavit filed for them by a close relative, and for servicemen the exemption is for their period of service and one year thereafter. Disabled veterans and war widows must file an affidavit annually.

It was explained by the board of review that in the recently completed revaluation in the city all properties were assessed at a uniform percentage on their cash value, without consideration for exemptions, which is the responsibility of the board of review to adjust.

Starting June 4 the board of review will begin reviewing complaints of property owners who consider the valuations placed on their property under the recent reappraisal as too high. So far, of the total of 3,500 real property descriptions on the city tax rolls, about 800 complaint forms have

been obtained and will be considered by the board of review when it meets June 4.

E. T. Wilkins, representative of the Clemenishaw company of Cleveland, who directed the reappraisal for the city, will be present at the board of review hearing to defend the valuations established by the company's appraisers. Mr. Wilkins is expected to arrive in Escanaba Sunday.

The board of review will complete its work prior to the meeting of the Delta county board of supervisors in equalization session June 25. At that time the county board will establish equalized valuations for the cities of Escanaba, Gladstone and the townships. It is on this equalized valuation that the county tax is levied.

The setting of a tax rate for the county also is causing considerable discussion. The county tax allocation commission at its last meeting reduced the county tax millage rate and increased the rate for the schools. Hearing on this tentative allocation will be held Monday night at the courthouse.

It is expected that the county finance committee will attend, as well as the school boards of Escanaba and Gladstone.

Edward Magnuson Killed In Action

Ensign Edward Magnuson, 24, nephew of Rev. and Mrs. Karl J. Hammer of Escanaba, was killed in action in the Okinawa area recently, the Navy department notified his parents, Mr. and Mrs. Arthur Magnuson of Chicago, former Escanaba residents.

Ensign Magnuson was born in Ishpeming, and for several years lived in Escanaba, where he at-

MEMORIAL SERVICE—A memorial service for Pvt. Luther Goodman will be held Sunday following the regular morning service at the Bethany Lutheran church.

Private Goodman was born in Eldred, Illinois February 4, 1916. He later moved to Trenary, where he spent most of his life. He was employed by Frank Barron as a logger for four years prior to his entering service April 8, 1944. Pvt. Goodman was sent overseas in December, 1944, and was reported killed in Germany on February 27, 1945.

Surviving Pvt. Goodman are his wife, the former Viola Isaacson, a ten-month old daughter Ruth Ann, and his father, Bradley Goodman, of Carrollton, Ill.

A mature giant Sequoia tree spreads its roots over an area of between two and three acres.

tended the public schools. His father, a railway mail clerk, was transferred to Chicago in 1934.

LAKES WILL BE PLAY GROUNDS

Air Travel Will Bring Them Within Easy Reach

Lansing—Michigan's island possessions in the Great Lakes will be vacation playgrounds in post-war years. Air travel will bring them within easy reach of the mainland and their unspoiled beauty will have appeal for thousands.

The conservation department foresees these postwar developments and is moving to meet them. Survey crews are reporting on soils and vegetation in the case of state-owned acreage on several of the islands and lands authorities will make recommendations concerning extensions of state holdings.

South Manitou and Beaver islands in Lake Michigan have been visited by department survey crews in recent weeks and Bois Blanc island near the head of Lake Huron is to be surveyed next.

The conservation commission approved purchase of nearly 30,000 acres of land on Drummond island at the head of Lake Huron early this year. Already owning approximately 10,000 acres on the island, the state thereby acquired title to nearly one-half of its 83,000 acres. Similar purchases of lands on other islands to block in the state's present holdings on them are contemplated.

"There is certain to be increased use of these islands with war's end," says P. J. Hoffmaster, conservation department director. "We feel that we should do what we can, now, to get state lands on these islands ready for increased use by the public. It may be possible to acquire additional water frontage on some of the islands, or to secure lands that will

consolidate the state's present holdings."

Almost all of the larger islands in Lakes Michigan and Huron have a colorful history and some of them were favored resort areas in the 80's and 90's and early 1900's.
